# P.G.E. SALE SUPREME ISSUE, SAYS PREMIER

## Election Prospects

How Former Prophecies Have Turned Out

Premier MacLean and the P.G.E. Issue

West Coast Road Boon to Island

Government prophets foresee a Government victory on Wednesday. Opposition prophets predict an Opposition victory. In the 1924 provincial election each side predicted victory, and the prediction of the Liberals was justified by the result. In the Dominion election of 1925 Dr. Toimie declared that his party would "sweep the country," while the Liberals claimed they would win. The Liberals won. In the Dominion election of 1926 Dr. Toimie again forecast a sweeping victory for his party, while the Liberals again predicted victory for their party. Again the Liberal prediction was justified by the outcome, for the Conservatives were almost annihilated.

Hence in the two latest elections in which he has participated Dr. Toimie's predictions have been discredited, while in the three last elections the prophecies of the Liberals have been justified. On the strength of this record, therefore, our readers are entitled to place more reliance upon the forecast of the Government side than that of the Opposition. Hon. J. D. MacLean says he will be returned with a clear majority; in other words, his Government will have a larger following in the next Legislature than it had in the last one.

Dr. MacLean's statement that he will be better able to negotiate successfully with the Dominion Government, as the head of the Government of British Columbia, in regard to such matters as the P.G.E. than Dr. Toimie would be as the head of the Government in British Columbia, has been challenged by his opponents. Political history, however, proves that the Premier made a more statement of fact.

The return of the Peace River block and the railway lands, amounting altogether to something like 30,000 square miles, to the province, for which provision is being made at Ottawa, will be the outcome of negotiations between the Dominion Government and the present Provincial Government, which are in political sympathy with one another. In this situation Dr. Toimie was not a factor. To put it another way, if Dr. Toimie had not been at Ottawa at all the outcome would have been the same.

It is only reasonable to assume that there must be a more sympathetic contact between a Liberal Government at Ottawa and a Liberal Government in British Columbia than there could be between a Liberal Government at Ottawa and one in this Province whose attitude to it was hostile. When the Conservatives were in office at Ottawa and Victoria it was claimed by them that the relations between the two governments were naturally more cordial than they would have been if they had been opposed to one another in a political sense. This claim was not disputed by the Liberals.

When the Conservatives were in office at Ottawa our City Council and Board of Trade always sent to the Capital on business affecting Victoria delegations composed of prominent Conservatives. Since the Liberals have been in power at Ottawa, our City Council and Chamber of Commerce have sent delegations composed of prominent members of the Liberal Party. This was good business. For the same reason it would be good business to keep in power in British Columbia a party friendly to the dominant party at Ottawa.

The report, circulated by supporters of Mr. Pooley, that work on the West Coast road will be stopped after the election is absolutely without foundation. In view (Continued on page 3)

## DOG TEAM ITALIA RESCUE MEN IN ARCTIC ARE SAVED BY STEAMER

The upper picture shows M. Varming and M. Van Dongen, Dutch engineers, who were missing with Capt. Sora, Italian chasseur, for more than a week after they had left the Spitzbergen Islands to search for the missing men of the lost dirigible Italia. Sora was picked up last Saturday and shortly afterward Varming and Van Dongen were sighted by the steamer Braganza and made their way to it across the ice. At the right is a picture of Lieut. L. Holm, Norwegian aviator, who has been one of the most active of the aviators in the Spitzbergen region in the search for the Italia men and the Amundsen group of six.

## Thirty Liberal Seats In House Forecast By Leaders of Party

### TWO KILLED IN FURNACE BLAST

Copper Matte Explosion Sends Two More to Hospital at Trail

Trail, B.C., July 15.—John Peharson, of Trail, and Andrew Petrie, of Roseland, lost their lives and Hunter Woodburn, foreman and Dominic J. Ciampicre are in a hospital suffering from burns and bruises as the result of an explosion of copper matte in a furnace at the Consolidated Mining and Smelting Company's reduction works this morning.

An inquest was started at 1:30 this afternoon.

### FINAL MEETINGS FOR LIBERALS IN GREATER VICTORIA

To-night: Liberal candidates in Victoria at Sir James Douglas School. N. W. Whitaker, Liberal candidate in Saanich, with Carew Martin and David Ramsay at St. Martin's Hall, Obed Avenue. Mrs. Mary Ellen Smith, Liberal candidate in Esquimalt, at Cobble Hill, with Rev. Dr. Clem Davies and J. W. de la Farris. Premier MacLean, Hon. Dugald Donaghy and Victoria Liberal candidates in the Royal Victoria Theatre, with speeches broadcast. Mr. Whitaker and C. H. O'Malloran at Lake Hill Community Hall, Quadra Street, with Premier MacLean also speaking briefly. Mrs. Smith at Rex Theatre, Esquimalt.

## Big Meteor Falls Near Puget Sound

Seattle, July 15.—Residents of the Puget Sound country to-day were engaged in a hunt for traces of what was believed to have been a meteor which lighted the heavens shortly before 1 o'clock this morning.

The path of the celestial visitor through the sky was marked by a display of eerie blue light in Seattle, Tacoma, Manette, Olympia and other communities bordering on the Sound.

In Seattle, Tacoma and Manette the light seemed to indicate the meteor came to earth toward the southwest. In Olympia it seemed to plunge to the ground in an easterly direction.

As the provincial election race started on its final lap to-day, reports pouring into the Provincial capital from all over British Columbia, indicated a steady gain in the Government's strength, and a certain majority for the Liberal Party in the next Legislature.

Thirty Liberal seats, with the support of several favorable labor members and independents, was the prediction of Major Stanley, Moodie, Liberal organizer, who has been in touch with every constituency of the Province for the last year. In a telegram received here this morning, Major Moodie declared the size of the Government's majority in the next House was the only question to be settled Wednesday.

"We shall have thirty Liberal seats anyway," he said, "this predicting a net gain of six seats, for the Government over its strength in the last Legislature. These gains, he indicated, would be registered at points all over the Province."

Interior prospects were outlined by J. W. de la Farris, former Attorney-General and one of the most experienced campaigners in British Columbia, who has just completed a two-weeks' tour of interior constituencies. Mr. Farris telegraphed to the Parliament Buildings to-day that the Government would gain four seats in the southern interior, and territory south of the Fraser.

### French Minister Is Soon to Come to Canadian Capital

Paris, July 15.—Appointment of the first French Minister to Canada probably will be made as soon as the Senate, after the Summer vacation, passes an appropriation for the legation. If any necessity for quicker action arises the Government may anticipate the appropriation by a few weeks.

The future diplomatic representative of France in Ottawa has not yet been selected.

The name of George Knight, for the past twelve years French commercial attaché in the Far East and now on a special mission to Canada, has been mentioned as one of the possibilities.

## VETERAN SEA CAPTAIN DIES

Sir James Charles, Cunard Line Commodore, Was Making Last Voyage

Southampton, England, July 15.—After forty-eight years on the ocean which he was reluctant to leave, Sir James Charles, commodore of the Cunard Line fleet, was stricken with a fatal illness on his last voyage on the Aquitania. The date of his formal retirement was set for August 2, his sixty-third birthday. He died in hospital soon after the liner docked here.

Passengers said to-day that on his last voyage the captain showed signs of emotion and distress from time to time. Whether this was an emotional struggle between the prospect of rest and his attachment to the long career on the seas they were unable to say. Since July 1 more than 100 vessels have been wrecked in the North Atlantic, and the captain's death was a blow to the industry.

During the last two days of the trip, Sir James was almost constantly on the bridge, rejected the offers of other officers willing to relieve him. (Continued on page 3)

### Point Grey Sees Threat of Fire

Point Grey, July 15.—Two acres of brush-covered lowland were burned over yesterday afternoon in a brush fire which raged from 3 to 5:30 at Carnarvon and Nineteenth Avenue. Three houses which stand across the street from the burning lot were unharmed. Firemen finally subdued the blaze.

### Victorian Boxes As Olympic Test

Montreal, July 15.—C. Storch of Victoria will meet A. Brodeur of Montreal in the 160-pound class of the Olympic boxing trials here to-night.

### WHERE VICTORIA ELECTORS WILL VOTE WEDNESDAY

Polling places at which Victoria electors will vote in the provincial election Wednesday will be as follows:  
Ward One—565 Yates Street.  
Ward Two—2655 Douglas Street (Scott Block).  
Ward Three—Lillie's Garage, 934-6 Johnson Street.  
Ward Four—Cathedral Schoolroom, Corner Quadra Street and Burdett Avenue.  
Ward Five—Old Drill Hall, Menzies Street.  
Ward Six—Oak Bay High School, Oak Bay Avenue.  
Ward Seven—Arens, Cadboro Bay.

## FIVE ARCTIC FLIERS SAVED

Chukhnovsky Italia Relief Group Taken Off Island By Russian Icebreaker

Report Spread Yesterday Amundsen Group Rescued, But No Confirmation Came

Moscow, July 15.—The Russian aviator Chukhnovsky and his four companions, who made a forced landing and were marooned near Cape Platen, Northeast Land, Spitzbergen Islands, on July 12, were taken aboard the Russian icebreaker Krassin at 10 p.m. Sunday. News of the safety of the party came here by radio from Professor Samoilovitch, head of the Russian Italia relief expedition.

The five men had suffered no privations. Their emergency camp was pitched close enough to the shore so they could leave the ice pack at will. ON RELIEF FLIGHT

The forced landing, in which their plane was damaged, was made after they had sighted Capt. A. Mariano and Capt. Zappi, the two survivors of the "walking party" of three of the lost North Pole dirigible Italia and reported their whereabouts to the Krassin, which a short time afterward rescued them.

POSITION OF NOBLE  
Stockholm, July 15.—The Stockholm newspaper Dagbladet prints a report, the source of which is not given, saying General Umberto Noble "is in fact a prisoner of the Italian Government, as he is forbidden to leave the base ship Città di Milano before he has given the world a clear account of the dirigible Italia catastrophe" and later events.

Talk of a juridical investigation of the disaster coupled in the press to-day. It is admitted such an investigation would be hard to arrange, as the (Continued on page 3)

## Hail Reported In Saskatchewan

Weyburn, Sask., July 15.—Meagre information received here by telephone and telegraph indicates the southwestern part of Saskatchewan yesterday afternoon and evening suffered severely from hail.

## EUROPE SWEEP BY HEAT WAVE

Great Britain and Large Part of Continent Suff., Many Deaths

London, July 15.—All parts of Central and Southern Europe were suffering to-day from a heat wave which had swept many victims through prostration and drownings. Five days of high temperatures in England culminated Sunday with the mercury reaching 81° in London. It reached 112 and large parts of Germany, France, Belgium and Holland recorded temperatures at various points between 91 and 97.

Four deaths and eleven prostrations occurred in Belgium. Many bathing accidents and heat prostrations were recorded in Great Britain. Seaside and river resorts in England and on the continent were crowded, the visitors spending most of their time in the water.

Vienna, Austria, July 15.—The heat wave in Austria has been responsible for a great increase in bathing casualties. Since July 1 more than 100 bathers have been drowned in Austrian rivers and lakes.

## BIG MAJORITY FOR BUS BY-LAW

Saanich Voters Approve Transportation By-law 2,131 to 263

Saanich ratepayers on Saturday overwhelmingly endorsed the Transportation By-law giving J. B. H. Matson a twenty-year exclusive franchise to operate passenger buses in Saanich. The vote was 2,131 in favor of the by-law and 263 against the measure.

All wards showed great majorities supporting the measure, opposition to the by-law being greatest in Ward Two, where one vote in six was against the franchise. In Ward Seven fifteen favorable ballots were cast for each negative vote.

The vote was the largest recorded in Saanich municipal affairs for many years, greatly exceeding the polls at recent annual municipal elections. This was the more striking as the vote was limited to property owners.

The vote by wards was as follows:  
Ward One ..... 298 29  
Ward Two ..... 349 70  
Ward Three ..... 195 19  
Ward Four ..... 263 25  
Ward Five ..... 209 29  
Ward Six ..... 242 20  
Ward Seven ..... 475 31  
Totals ..... 2,131 263

### NEW PLAN FOR C.N.R. SYSTEM

Thornton Foreshadows Reorganization to Do Away With Government Aid

Optimistic predictions of prosperity for Vancouver, British Columbia and the whole of Canada marked an address delivered by Sir Henry Thornton, president of the Canadian National Railways, before the Vancouver Canadian Club to-day.

Speaking of freight rates, Sir Henry said he did not want rates that would retard development. There was no reason why, with reasonable rates, the railways should not be self-supporting.

### \$1,000,000 Fire In Helena, Mont.

Helena, Mont., July 15.—Fire which wiped out part of Helena's business section was brought under control early to-day after it had burned for more than three hours. Newspapers estimate the loss at least at \$1,000,000. The city's largest department store, two large office buildings and part of a third, with a score of smaller business houses and more than a hundred offices were destroyed.

## Donaghy Meeting On Tuesday Features Close of Campaign

The Provincial election campaign will be wound up in Victoria and surrounding districts to-day and to-morrow with all candidates using every remaining hour before the polls open on Wednesday to hammer home their closing messages to the electorate.

The final feature of the campaign will be the great Liberal rally in the Royal Victoria Theatre Tuesday night, the eve of the election, when Hon. Dugald Donaghy, newly-appointed Minister of Finance, will be the chief speaker. Mr. Donaghy is coming here at the request of Victorians, who were disappointed in not hearing him last week, when he was unable to speak to Premier MacLean's monster meeting.

On Tuesday Mr. Donaghy will give the most of the evening for one of the able addresses which have been an outstanding feature of the campaign on the lower mainland, and in the interior. As all the addresses will be broadcast by radio station CFCT, thousands of (Continued on page 3)

IN HOUSE CLEANING TIME, FLOOR PAINTING BUSINESS IS SHELLACK.

"This Is British Columbia's Hour of Opportunity," Government Leader Declares, Showing How Solution of Railway Problem Will Bring New Era of Prosperity to Province; If People Want Line Disposed of They Should Support Present Administration, He Declares

Successful disposal of the Pacific Great Eastern Railway problem and all that hinges on it is the vital issue of the provincial election Wednesday, Premier MacLean declared in a speech at Fulford Harbor Saturday night.

Definitely fixing the P.G.E. problem with its kindred problems of provincial development is the big question for the electors to decide, the Premier made this statement:

"My Government is appealing to the country on a policy of disposing of the Pacific Great Eastern Railway, and the other policies of development which centre around it.

"If we do not win this election then the Canadian National Railways and the Federal Government can only conclude that the people of British Columbia are not in favor of nor interested in these policies."

This final statement by the Leader of the Government on the issues of the election followed a speech in which he urged the electors to regard the questions of the poll with a calm mind, and with an eye to their own prosperity in the future.

"During the campaign," he said, "the candidates supporting the Government have nailed the flag of industrial and agricultural development to the mast."

"We have shown how the sale of the Pacific Great Eastern and the return of the railway lands and the Peace River block to provincial control will promote the influx of capital, of industries and of population."

"Hon. S. F. Toimie, the Conservative Leader, is quoted as saying that the Pacific Great Eastern is not the most important problem facing the Province. I do not agree with him. He does not appear to realize that the prosperity of the country, which he calls the most important issue, is absolutely bound up with the sale of the Pacific Great Eastern, on which policy my Government goes to the country."

"This is the hour of opportunity for our Province, if we are wise enough to seize it."

## FIRE MENACE IN B.C. IS GROWING

Dry Weather Creates Hazard in Southern Districts Now

British Columbia began to face its first real forest fire hazard this season during the last week, according to the weekly fire bulletin issued by the Provincial Forestry Service to-day.

"Cool and showery weather occupies the whole northern interior and northern coast with no present danger of fires," the bulletin said. "Find warm and dry weather has spread over the lower coast and southern interior, however, creating a hazard which will become dangerous with a continuation of present conditions."

The bulletin added that weather forecasts indicate no change for several days, so that a development of the fire is not expected.

While damage from fires has been relatively light so far this year, nearly twice as many fires have been reported as at this time a year ago. So far this season 463 have been noted as against 260 in 1927. In 1926, a bad fire year, 1,091 outbreaks had occurred at this time.

## NEW ATTACK IN LOUVAIN AFFAIR

Uninscribed Balustrade of University Library Destroyed By Unidentified Man

Louvain, Belgium, July 15.—The uninscribed balustrade of the library of Louvain University, erected when the inscription to be placed on the library became a matter of heated controversy, was demolished this morning.

An unidentified man with a hammer destroyed the balustrade, which had been placed under the supervision of the rector of the university, Monsignor Ladeuze.

The inscription, banned just before the dedication of the library a couple of weeks ago, stated the library had been destroyed by the Germans during the World War and restored by the generosity of people of the United States.

## Stop Using a Truss

Stuart's Plaster-Pads are different from the truss, being mechanico-chemical applicators made self-adhesive purposely to hold to the distended muscles. No straps, buckles, or springs attached—can not slip, so can not chafe or press against the public bone. During twenty-two years thousands have successfully treated themselves at home without hindrance from work—most obstinate cases conquered. Soft as velvet—easy to apply—inexpensive. Awarded Gold Medal, Rome; Grand Prix, Paris and Honorable Mention, San Francisco. Process of recovery is natural, so no subsequent use of truss.

## TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, July 16, 1903

Ottawa, July 16.—Sgd Wilfrid Laurier in the House this afternoon gave an explanation regarding the retirement of Mr. Blair from the cabinet. The Provincial election for the year of 1903 will be held October 31. The following returning officers have been appointed for Victoria: City, Hinkson and Siddall.

Victoria and Vicinity—Weather Forecast: Light to moderate winds, fine and warm to-day and Friday.

Great interest is being manifested in the annual meeting of the Victoria Board of Trade, which is to be held to-morrow afternoon.

The Fish and Game Club has decided to at once proceed with the removal of the log jam from the mill stream at Shawigan Lake.

Nanaimo, July 16.—Twelve Chinamen dead and eight severely burned is the result of an explosion which occurred at 7:30 last evening in No. 3 incline, shaft No. 6, of the Wellington Colliery Company's mines at Cumberland.

Arrangements for the dedication of the Congregational Church on Sunday have been completed. Seats are being put in the auditorium this week, and the finishing touches are being made to the interior. The new organ will be used for the first time on Sunday.

Preparations for the big N.P.A.A.O. rowing event at Vancouver are being steadily and rapidly pushed forward, says The News-Advertiser of Vancouver.

others expect to gain by their constant criticism of the best and most progressive government that British Columbia has ever had? I have recently learned that both these disgruntled gentlemen have been employed in good provincial Government jobs and that they are now there no longer. Is this a case of cause and effect?

There are many returned men in Victoria who have never had a chance to obtain such a position as Mr. H. W. Hart threw to the winds, and the same might apply in the case of Mr. Hood, who signs himself as "Late Chief Accountant, Department of Public Works."

Now, Mr. Editor, what do these men expect to receive from the Tory party in the event of their election to office. This, of course, won't happen, either now or anytime in the future.

I believe that no Government or business concern would deem it wise to employ men who are known to agitate against their former employers, and I feel sorry that the party whom they profess to support will lose rather than gain, the respect of the general public as a result of such tactics.

J. DE BLAQUIERE,

### ECHO ANSWERS "WHO?"

To the Editor:—At a public meeting of the supporters of Capt. R. P. Matheson, M.C., held last week in Stanley's Hall, I stated, speaking in support of the Independent Conservative candidate, that Canon Hinchcliffe's recent open meeting of the McBride Conservative Club had alleged that a certain member of the Legislature had been offered the sum of \$1,000 if he would refrain from voting upon a certain matter under consideration by the Legislature. In the course of my remarks I asked Canon Hinchcliffe to state publicly, in the interests of the electors who have a right to know: 1. The name of the member of the Legislature to whom this bribe was made. 2. The name of the person who offered this money. 3. The purpose of the bribe. The election campaign is now drawing to a close, but so far Canon Hinchcliffe has not ventured to answer my questions. The electors of this constituency have a right to know before voting at this election, exactly what Canon Hinchcliffe means when he made this charge. I would, therefore, ask him again to make public the facts, and to deal with my request promptly. The matter is too important to be ignored.

July 14, 1928. P. J. SINNOTT.

### ESQUIMALT ELECTION

To the Editor:—May it please you, sir, to grant me space to give my unprejudiced views re above?

Wednesday next the voters of Esquimalt district will have the privilege and duty again to decide and vote for a representative to look after their interests and welfare for the next four years, and amongst them there are several newcomers who are not conversant with the conditions as well as those who have resided for a much longer period.

Mr. Harry Pooley, our late member, has represented our district for many years, and conditions in Esquimalt have deteriorated to a very low state, through sheer neglect on his part, and ignoring those obligations and promises made prior to his election.

He during his term of office paid no attention whatever to his duties for the welfare of his constituents, but devoted his time in uttering unjustifiable and worthless criticism of the Government, which was apparent to everybody done in a spiteful manner, and systematically knocking most of the worthy legislation brought up.

Amongst the bills was the old age pension passed by the late Liberal Government, whereby old people of the Province of seventy years and without means received \$20 monthly. Mr. Pooley was not in favor of that. If he had succeeded in blocking it, our old people would have been reduced to a state of starvation.

Start by eating a dish of Post's Bran Flakes for breakfast. Eat it as a cereal, with milk or cream. You will like it as well as any cereal you ever tasted.

Do this every day for two weeks. We predict you will find a real difference in the way you feel, and that you have been "regular" all the time.

But don't stop at the end of two weeks. Eat Post's Bran Flakes every morning for health and regularity.

Post's Bran Flakes is sold by all grocers, in a wax-wrapped package. Ready to eat.

It is dangerous to experiment with patent medicines and drug laxatives. They bring only temporary relief and may make matters much worse. Ordinary cases of constipation, brought about by too little roughage in the diet, should yield to Post's Bran Flakes. If your case is abnormal, don't experiment. Consult a competent physician.

**POST'S BRAN FLAKES**

STEALTHILY at work—day after day—in millions of homes—the scourge of constipation takes a costly toll. Its booty is health. Its spoils are beauty and charm. Yet, because its cruel effects are not immediately apparent, millions ignore the danger of habitual faulty elimination.

Over and over your doctor will stress the necessity of including sufficient roughage in your diet. He knows that insufficient roughage in what you eat is one of the chief causes of constipation.

Post's Bran Flakes is a roughage food which acts as an efficient body regulator. Eat it regularly. You'll delight in its delicious flavor.

## START WORK ON MENTAL HOME AT ESSONDALE

Plan Early Commencement  
on Province's Greatest  
Building Project

New Hospitals Also Included  
in New Government Pro-  
gramme

Work on new buildings at Essondale Mental Home, the largest single building project ever undertaken by the Government of British Columbia, will get under way shortly, following the decision of the Public Works Department to call tenders covering it almost immediately. With plans for a \$2,000,000 building scheme completed by architects of the department, bids will be asked early in August and work will be under way in the first part of the autumn. At the same time an extensive programme of hospital construction all over British Columbia will be launched.

Under the plans as finally prepared the great building scheme will comprise a third unit in the present building scheme. This will be used as the female chronic building, the largest in British Columbia and one of the largest of its kind in Canada.

In addition a nurses home will be constructed. An apartment block for the mental home staff is the third

building to be constructed. An addition also will be made to the farm cottage, while the boiler house will be new, to provide added heating facilities necessary under the scheme. The installation of the steam pipes and other heating equipment for all the new buildings will be included in the contract.

**NEW HOSPITALS**  
The hospital construction programme announced by the department to-day will increase hospital facilities by three important districts, where present equipment is inadequate to meet the needs of growing population. Tenders for the new hospital buildings and additions will be called within a few days so that work may be well under way in the autumn.

A new hospital to house seventeen beds and to cost around \$20,000 will be built at Bella Cooles. It was announced. The present hospital is threatened by floods from the Bella Cooles River annually and the new installation will be placed in the new townsite which was provided by the government in place of the old townsite where floods were experienced frequently.

A new hospital for infectious diseases will be built at Kelowna to provide eight beds under the new programme. In addition, a maternity wing will be added to the present hospital to provide twelve more beds. This will cost about \$20,000.

At Port Alberni a new wing will be added to the present hospital to add to its capacity by eighteen beds. The growth of population on the West Coast has made this large extension necessary. A nurses home to provide for eight nurses will form part of the Port Alberni building programme.

### ST. JOHN DEATHS

St. John, N.B., July 16.—Death claimed two well-known St. John residents yesterday when John D. MacLaren, aged eighty-three, retired inspector of customs for New Brunswick and Nova Scotia, a brother of Dr. Murray MacLaren, M.P. for St. John, Albert and W. H. Bowman, ninety-seven, former contractor and builder, died.

## ELECTION PROSPECTS

(Continued from page 1)

of the fact that Mr. Pooley is predicting a Conservative victory the only conclusion to be drawn from this report is that if his party were elected it would stop the work. This road will put the island on the map, particularly Esquimalt which, with its fine harbor, it should help to transform into an industrial centre.

Where is Mr. H. H. Stevens? A few days ago it was announced that he would speak at the Conservative rally to-night. On Saturday The Colonist stated that Mr. Stevens would not be able to speak, as he was to take part in a meeting in Vancouver. According to the announcement of the Conservative meeting in Vancouver to-night, Mr. Stevens will not speak there. The fact is, Mr. Stevens has become a party liability, and the Opposition has dropped him.

While Dr. Tolmie is dealing with public issues at the Royal Victoria Theatre to-night, perhaps he will tell his audience why, as organizer for the Conservative Party of Canada, he did not prevent his party friends in the Senate from throwing out the Old Age Pensions Bill when it was presented to them.

He also might explain why he did not use his influence with his Conservative friends in the Senate to prevent them throwing out the measure which was intended to give the Government of British Columbia the sole right to import liquor

into this Province—and so put an end to bootlegging and all the crime associated with it.

Probably the returned men of this community are anxious to know why the party to which Dr. Tolmie belongs lost no opportunity of blocking, in the Senate, all legislation designed to put an end to numerous inequalities in the country's soldiers' pension legislation.

people all over British Columbia will hear Mr. Donaghy's final appeal to the electors.

**CANDIDATES TO SPEAK**  
Premier MacLean will speak briefly with Mr. Donaghy, coming here to conclude his campaign. The other three candidates in Victoria, W. T. fact is, Mr. Stevens has become a party liability, and the Opposition has dropped him.

To-night the three latter Liberal candidates will speak in the Sir James Douglas School to the last of the series of neighborhood meetings, which they have been holding all over the city.

**TOLMIE HERE TO-NIGHT**  
Hon. S. F. Tolmie, Conservative Party leader, will speak to a Conservative rally in the Royal Victoria Theatre to-night, his speech, and those of the four Conservative candidates in Victoria being broadcast.

To-morrow night Dr. Tolmie will address a meeting arranged for Saanich electors in the Coliseum Theatre, where the ground floor will be reserved for voters in the riding where the Conservative chief is a candidate.

N. W. Whittaker, Liberal candidate in Saanich, will speak to-night in St.

Martin's Hall, Obed Avenue, with Carew Martin and David Ramsay.

**SAANICH CAMPAIGN**  
Mr. Whittaker will wind up his campaign in the Lake Hill Community Centre Hall to-morrow night, when C. H. O'Halloran will speak with him. Premier MacLean is expected to pay a brief visit to the meeting in support of Mr. Whittaker. An excellent musical programme will be provided. Mrs. Mary Ellen Smith, Liberal candidate in Esquimalt, will speak at Cobble Hill to-night, with Rev. Dr. Glen Davies of Victoria, and J. W. de B. Farris, former Attorney-General of Vancouver. Mrs. Smith will continue the campaign with a meeting in the Rex Theatre Tuesday night.

of the main line of the Canadian Pacific Railway and including the seats all these ridings. Mr. Farris declared the Government would hold all its present seats and add four more, even breaking strongly into the Okanagan Valley, a Conservative stronghold in the past.

**NORTH IS SOLD**  
In the north the Government cannot register a gain, having held all the ridings there in the past. Liberal leaders are confident there will be no change in the northern situation, the Government holding Atlin, Prince Rupert, Skeena, Omineca and Prince George.

The Fraser Valley seats now held by Liberals, will not change in the next House, according to advice received by the Government, while David White, leader of the Conservative Party, is confident there will be no change in the northern situation, the Government holding Atlin, Prince Rupert, Skeena, Omineca and Prince George.

## ISLAND GOING LIBERAL

Vancouver Island will give the Government wider support than at any time since 1916, it is believed. Liberals have made such an inroad into the Greater Victoria seats, that Hon. S. F. Tolmie, Conservative leader, hurried back here over the week-end, instead of remaining on the mainland, as he had planned. He will spend the next two days attempting to recover lost ground in Victoria and Saanich. With Victoria expected to give the Government strong support, Up-island seats are reported as sure to return a Liberal majority.

## FIVE ARCTIC FLIERS SAVED

(Continued from page 1)

jurisdiction of any country could only be vaguely defined.

With regard to the death of Dr. Finn Malmgren, leader of the Italia "walking party," who was left on the ice by his companions, Capt. Alberto Mariano and Capt. Filippo Zappi, it is pointed out that it probably occurred in a sort of "no man's land." Thus no country would have a clearly defined right to command a juridical inquiry.

## UNFOUNDED RUMORS

London, July 16.—Rumors that Capt. Roald Amundsen and his five companions, missing for weeks in Arctic waters, had been rescued, flitted from capital to capital of Europe yesterday, being quickly discredited in authoritative quarters.

The rumors were credited either to unnamed fishing vessels in the vicinity of Bear Island or to the icebreaker Malign, and it is believed, like so many previous reports, arose through miscomprehension of the announced rescue intentions of the various searching vessels.

Neither in Moscow nor in any of the Scandinavian capitals has any confirmation been obtained.

## ICEBREAKER DRIFTS

Moscow, July 16.—A report received in Stockholm yesterday that Capt. Roald Amundsen and Capt. Rene Guilbaud had been rescued by the Russian icebreaker Malign, was discredited in responsible quarters here.

The Malign reported by wireless yesterday that she was drifting at 78-75 north latitude and 32-50 east longitude, unable to proceed because of heavy ice fields and thick fog.

## VETERAN SEA CAPTAIN DIES

(Continued from page 1)

and ignored the warning of the ship's surgeon, Dr. Sydney Jones, that he should take a proper rest. The night before the Aquitania reached Cherbourg, a futile effort was made to persuade Sir James to allow Staff Capt. Dolphin to navigate the vessel into the harbor. The commodore stayed at his port, and not until the pilot came aboard would he retire. Instead of going to his cabin he lay down on a couch in the chart room. He had only been there a few minutes when a violent ringing of the chart room bell warned officers that something was wrong. Two of them entered and found Sir James in a state of collapse and in great pain from an internal hemorrhage. He was treated with narcotics all the way across the channel.

Mr. Jackson's strength in that constituency, the meeting was the largest ever held at Fulford Harbor, some 400 people attending to give the Government leader and his lieutenant a rousing reception.

Before giving his final message to the electors on the vital issues of the election, the Premier answered the statements of Joshua Hinchliffe and other Conservatives on the attitude of the Government and his own view on labor questions in the Legislature. After going over the records of the Legislature, showing where the Government and he personally stood on labor questions and legislation, the Premier pointed out that he had been attacked largely for his stand, in the years preceding the 1924 election.

## P.G.E. SALE SUPREME ISSUE, SAYS PREMIER

(Continued from page 1)

Five dollars was the amount won by Capt. J. H. Regan and Sergt. H. W. Burton of Victoria. Sergt. Major Kiddie, Toronto, C.Q.M.S. Stevenson and Sergt. C. W. Poam of Montreal, Lieut. MacGregor and Lieut. Bishop, Ottawa, and Lieut. Alex. Slinner, formerly of Fort William.

Sergt. Lewis won the All-Comers' Aggregate, first prize, in which was a challenge cup valued at \$25, and Wing Commander Wells of the Royal Air Force was second, with Pavey of Vancouver third; C.S.M. Emalle fourth and Lieut. Burke fifth, each won \$22.

## BANDITRY IN KOREA RIFE

Banditry on the Korea-Manchurian border keeps Japanese troops actively engaged, and many stories are told of long chases into Manchuria following daring and brutal raids on Korean settlements, according to Rev. William Baird of the Presbyterian Board of Foreign Missions.

Mr. Baird was a passenger on the American Mail liner President Jackson, which arrived here from the Orient this morning. After five years in duty in the little town of Kangkel, far from the beaten path on the Manchurian border, he is returning with his wife and family on one year's furlough. He is en route to Newburn, Tennessee.

Only a month ago a large band of Chinese bandits pounced upon an offensive Korean settlement near Kangkel, Mr. Baird related. Police were murdered, their women and children slaughtered in cold blood and some of the higher officials taken for ransom. Coupled with this was the ambush of a first lieutenant in the Japanese army.

## PILOT UNABLE TO DESCRIBE CRASH

Aeroplane Man in Hospital at  
Prince Rupert; Mechanic  
Lost Life

Vancouver, July 16.—Lying in a serious condition in a Prince Rupert hospital, Edward C. Lyke, pilot of the Western Canada Airways fisheries patrol aeroplane which crashed near Butedale last Friday, bringing death to W. G. Partidge, the mechanic, is unable to give full details of the accident, according to a message received at the Vancouver office of the company.

Pilot Cummings, who left for Prince Rupert on the day of the crash, notified the office here to this effect. Full military honors will be accorded at the Partidge funeral here on Wednesday.

## British Note Soon On New Anti-war Pact

London, July 16.—The British Government's reply to the latest United States note respecting Secretary Kellogg's multi-lateral pact to outlaw war will be handed to the United States Embassy here within a few days.

Austrian Chamberlain, Secretary for Foreign Affairs, told the House of Commons to-day he hoped to give the reply to the United States Charge d'Affairs on Wednesday.

Ernest Thurler, Labor member for Shoreditch, asked the Foreign Secretary to explain why France and Germany had been able to make up their minds on the proposed treaty ahead of Great Britain.

"As a matter of fact, the Government has made up its mind," replied the Secretary. "It is necessary for us to communicate with the Dominions before we formulate and deliver our reply. France and Germany do not need to communicate with other governments."

## SAANICH LIBERALS FINAL MEETINGS

To-night at St. Martin's Hall, Obed Avenue, Norman W. Whittaker will speak, assisted by Carew Martin and David Ramsay.

Tuesday evening at Lake Hill Community Hall, Quadra Street, a final Liberal rally will be held. Mr. Whittaker, C. H. Halloran and prominent Saanich Liberals will be the speakers. The speeches will be brief, and an excellent musical programme has been arranged. It is hoped that Ernest MacLean will be able to pay a visit during the meetings.

## LIBERAL VISITS SAYWARD VALLEY

J. W. Mackenzie Battles Strong Wind and Heavy Sea For Speaking Engagement

Sayward, July 16.—J. W. Mackenzie, Liberal candidate for this riding, at the forthcoming election, visited this valley on Sunday. After battling strong wind and heavy seas in Johnston Strait, which delayed his boat.

The hall was crowded by a very interested and attentive audience. Daniel Davies, president of the Sayward Liberal Association, occupied the chair and opened the meeting.

P. F. Harrison, who represented this constituency in the Provincial Parliament for four years, was the first speaker, and paid high tribute to the qualifications of the candidate, as one who had had personal and professional dealings with him covering many years. His remarks were received with general applause.

Mr. Mackenzie reviewed the work of the late administration, and the present political situation very thoroughly, proving himself an able speaker, conversant with all the subjects under discussion. His attention was called to the number of names of well-known Liberals that had been left off the voters' list, and said that he had heard it was the same in other polling divisions, and undoubtedly the matter would receive attention.

Mrs. Hamilton spoke on matters concerning women and their duties and responsibilities in the government of the Province. During the whole meeting there was the keenest interest shown and many appreciative remarks were made at the passing of votes of thanks to the speakers. At the close of the meeting afternoon tea was served by the ladies of the Sayward Liberal Association. The party left for Campbell River early in the evening.

## FLORISTS SPEND DAY BY LAKESIDE

Noted races and guessing competitions furnished a great deal of amusement for the members of the Horticultural Society and their friends at the annual picnic held at Elk Lake on Saturday.

About a hundred persons formed the party of picnickers who enjoyed the varied programme which included a race in which the contestants were required to pick up peanuts as they ran and return them to hats placed at the start. Another event which was greatly enjoyed was one in which the members of the party guessed at the number of petals on a rose before being able to examine the flower.

These events were under the direction of P. P. Robinson and George Strawford, and the latter contest was won by J. Pearce, Mrs. Strawford and Mrs. McHaffie.

Following the sports programme the members of the society visited the lakeside seed-growing farm of George A. Robinson. The displays of Lady Satin Roses, Godetia, Clarkia, Centaurea, Cynulies and other flowers drew much favorable comment from the many admirers.

The prize list for the sports was: Tiny tots—1. Mary Coleman; 2. Kenneth Boulter.

Children under seven—1. Joy Martin; 2. Joy Johnson.

Boys under seven—1. Jim Saunders; 2. Jim Johnson.

Girls from eight to ten—1. Ida Pearce; 2. Sheila Saunders.

Boys from eight to ten—1. Gussey McKay; 2. Francis Robinson.

Girls eleven to fifteen—1. Janie Christie; 2. Christine Bevan.

Boys eleven to fifteen—1. Allan McCaffie; 2. W. Pearce.

Married ladies—1. Mrs. Q. McPherson; 2. Mrs. Rippeon.

Men, 50 yards—1. W. Ballantyne; 2. G. S. McCaffie.

Peanut race—1. W. Darling; 2. P. E. Boulter.

Peanut race (juvenile)—1. Frank Chamberlain; 2. W. Pearce.

Wheelbarrow race—1. Allan McCaffie and Mrs. McCaffie; 2. Kenneth Robinson and Mrs. Q. McPherson.

At the close of the meeting at Mr. Robinson's seed farm, he had a few words to say about the fine gardens of Victoria. Mr. Robinson and Mr. E. W. White acted as judges in the garden competition. Their report is that the gardens visited that year are the finest they have ever seen. The prizes were awarded as follows, with percentage marks.

Class "A"—1. Mr. George Little, 92½; 2. Mr. Johnson, 88; 3. Mr. Turner, 87; 4. Mr. P. Tatham.

Class "B"—1. Mr. I. Naysmith, 92; 2. Mr. P. P. Robinson and Mr. T. Astley, both 90; 3. Mrs. J. Robson and Mr. Albert Smith, both 88.

Class "C"—1. A. Tyrell, 95; 2. Miss L. Loundes, 88½; 3. Mr. C. A. Steele, 88.

## MISS DRYSDALE IS WED IN NANAIMO

Daughter of Pioneer Doctor  
Bride of R. M. Holiday of Dover, N.J.

The smartest wedding of the summer season in Nanaimo took place there on Saturday evening in St. Andrew's United Church, when Jean Allan, only daughter of Dr. and Mrs. W. F. Drysdale, pioneer residents of the city, became the bride of Mr. R. M. Holiday of Dover, N.J., only son of Mr. and Mrs. G. M. Holiday of Lawrence, Kan.

The ceremony was performed by Rev. E. G. Taylor and Rev. Dr. Miller of St. Stephen's College, Edmonton. The church was decorated with Shasta clematis, Dorothy Perkins roses and maidenhair fern, with tall white tapers lending a distinctive note.

Given in marriage by her father, the bride wore a period frock of ivory crepe back satin, the mousseline sleeves embroidered with seed pearls. The full train falling from the waistline was of shequing crepe de chine embroidered with pearls. Over the voluminous tulle veil was worn one of Limerick lace fastened at the side with orange bows. Some sent from California. Her bouquet was a lace-edged colonial collection of small pink and white roses and lily of the valley.

She was attended by a matron of honor and four bridesmaids, including Mrs. C. B. Nickerson of Vancouver, Mrs. G. A. Kelly of Nanaimo, Miss Helen Mary Dempster of Riverside, Calif., and Miss Violet Maguire of Los Angeles, the last two being sorority sisters of the bride.

The matron of honor was attired in French organdie in bouffant style, shading from kingfisher to sky blue. Her large drooping hat of blue mohair was trimmed with coral velvet, and she carried a colonial bouquet of sweetheart roses and blue delphinium.

The bridesmaids were in pastel shades of French organdie, fashioned with pleated yokes and tight fitting bodices, above three tiered skirts reaching to the floor, but slightly lifted at the left side. Each wore a large drooping mohair hat of matching color, with deeper toned velvet. They carried colonial bouquets of pastel sweet peas.

Mrs. Kelly wore coral, Miss Grant sea green, Miss Dempster jonquil and Miss Maguire lavender.

The little flower girl, Miss Beverly Nickerson wore an imported frock of French lace, ornamented with French flowers in pastel shades, and a wreath of sweetheart roses. Her tiny colonial bouquet was of pastel shaded flowers. The ushers were Mr. Hugh Anderson, Mr. Kenneth Alexander, Mr. Melville Scott and Mr. Eric Alexander, while Mr. H. Wilson of Longview, Wash., was best man.

A reception was held at the home of the bride's parents, where the bride's aunt, Mrs. H. Stanton of Berkeley, received the guests.

After the reception, Mr. and Mrs. Holiday left by motor for Qualicum, and later will return to leave for Lawrence, Kan., and their home in New Jersey.

## SAYS CONSERVATIVE WOMEN OUGHT TO ELECT A WOMAN

F. C. Elliott and Mrs. Owen Campbell Speakers at Women's Rally

"The time is coming when women will have representation in the Legislature. But they must not be impatient. And if you want to accomplish this object you must go after it in a systematic manner. You women should band yourselves together and work with an object in view, for instance the election of a woman member. With a voting strength of fifty-two per cent of the city you could not fail to get your candidate in," said F. C. Elliott at a rally of women held under the auspices of the Conservative Women's Association on Saturday afternoon at the Amphion Hall.

The speaker encouraged the women to continue their agitation for recognition as potential members of parliament. But women must remember, she said, that manhood suffrage was a matter of long standing, accomplished after centuries of agitation, while woman suffrage was of recent date. Women had yet to acquire themselves to a sense of their responsibilities, but they must not think politics was easy.

Touching upon social legislation, Mr. Elliott criticized the administration of the Mothers' Pensions Act, declaring that in Duncan he had heard of a mother who, to get the pension, had to submit her case to a local Liberal Association. "There were officers duly appointed for the purpose, and such cases should not have to seek the graces of the Liberal Association or sign a red card."

There were splendid acts on the statute book (although about fifty per cent of them could be thrown out without loss), but a perfect record could be put in to administer them, as this condition in connection with the administration of mothers' pensions illustrated.

He also criticized the smallness of the old age pensions, declaring also that if "some of the money being squandered on plus cost contracts were saved, there would be more money for mothers' pensions."

Mrs. Owen Campbell of Montreal in her address spoke of women's influence in politics, and urged the women to use their influence in getting rural nurses in the outlying districts.

Some of the points in the Conservative faith were touched upon. The Conservatives believed in reduction of taxation, in sound government, in a prosperous country which could keep its sons and daughters at home.

The four Conservative candidates also spoke, and Miss Brown noted as chairman. At the close of Mrs. Campbell's address she was presented with a basket of sweet peas and roses.

## WOMAN MINER HAS LUCKY DISCOVERY

Miss Kathleen Rice Discovers Copper Pyrite Near The Pas

The Pas, Man., July 16.—For the first time in the history of northern Manitoba a woman has made a mineral discovery of major importance.

Miss Kathleen Rice, graduate of the university of Toronto, and well-known by pioneer prospectors in the northern mining field, is the woman, and, according to experts, she has made a rich strike.

The find, which is copper pyrite, was made near the northwest shore of Rice Island on Lake Wakuske, which is 1,000 feet in length, and twenty-five miles from Steel, on the Hudson Bay Railway.

Miss Rice, with another prospector, Dick Woosley, has been conducting drilling operations on the property for some time. Yesterday she arrived at The Pas with a sample of ore recovered, which geologists pronounced as a fine class find.

A miniature stampede was launched toward the district as soon as knowledge of the strike became general. Miss Rice reported that she had already received alluring offers for her claim by several leading Canadian mining interests.

## KEEPING A RECORD BOOK A PLEASANT DUTY

Every young mother is deluged with downy record books which on flower-strewn pages leave a few lines for the jotting down of odds and ends of information about baby's development. Of course, it's nice to know just exactly when baby had his first tooth, and took his first step and so on and on through a whole series of "first" experiences, but that isn't enough. In addition, the mother should keep a record book as business and as a source of facts as a budget or a cheque book.

Weighing the baby is a weekly duty and so important a duty that it is put down in black and white, for there is nothing so treacherous as one's memory. "Did Frank gain two or four ounces last week?" Mother has to ask Daddy, and, of course, this isn't a thing to be forgotten.

Then, there's the matter of feeding. Mother remembers she did make some early changes in brother's diet, but what were they? Not to save her time, though she knows that he "did beautifully" on it. Of course, if she had entered this in the record book she wouldn't have to guess. Just look it up. There it is: at six months she gave brother cereal and he reciprocated by gaining six ounces that week, when heretofore he had been gaining only four. So with a light heart she makes the new change in baby's menu.

When there is an illness, a record book is invaluable. Mother grows so nervous when the doctor comes that she can't remember whether or not junior has shown any unusual symptoms this last week. In the record book she may have written down that on Monday he vomited his bottle feeding though he was not in the habit of doing so, and on Tuesday he refused his usual ration, whined most of the day, and slept badly that night. The doctor doesn't have to guess, either. He looks at baby's record book, reads how and what he is being fed, his daily number of stools, the number of hours he sleeps, his rate of gain, and he has a very good idea of what is all about.

Even if the note book is just a ruled one, purchasable anywhere, it's still an invaluable necessity. And what baby is going to have reading it when he grows up and has a hard time believing that he ever was a baby. He can't escape the evidence in the notebook that Mother really did walk the floor with him one whole night before he came down with the measles. It's going to make him more lenient toward his own whining infant.

## J.B.A.A. Crews Leave To-morrow Bound For Portland With Cups

Local Oarsmen Hope to Be Strong Enough to Bring Back Silverware With Them, But Expect to Meet Strong Competition From the Vancouver and Portland Crews; Victoria's Famous "Big Four" Broken Up by Illness; Races Will Be Rowed on Friday and Saturday Afternoon

Victoria's contingent of oarsmen from the James Bay Athletic Association for the N.P.A.A.O. regatta at Portland, Ore., will leave on to-night's boat for Vancouver, where they will join the members of the Vancouver Rowing Club and make the trip south together. The James Bay crews are hopeful of retaining the many trophies they took possession of last year, when they made almost a clean sweep at Harrison Lake. Their scullers are in fine condition and their four-oared crews are right up to the scratch. The regatta will be held on the Willamette River and will be in progress on Friday and Saturday afternoons. The Victoria and Vancouver crews will arrive in Portland on Wednesday and will have Thursday to get their boats rigged right and to have a trial spin over the course.

### CREW BROKEN UP

The Boys "Big Four," which won the junior and senior four-oared championships last year, has been broken up owing to sickness. Billy Kennedy, the stroke, is now in hospital suffering from influenza, and Campbell Forbes, bowman, has been ordered out of all athletic competition as the result of strain. Ron Mawhood, who rowed No. 2 last year, will stroke the boat this year, and Dan Moses will retain his No. 3 seat, although he also has been ill. Clyde Donaldson, sculling champion of the Bays, will be in the bow seat and Speed will be No. 2.

The Boys have a fine "blackweight" crew this year. 140-pounders will be stroked by Jack Crane, with Dods as No. 3, Ken Derbyshire No. 2, and J. King, bow. This crew will also row in the junior fours.

### MANY HANDICAPS

Vancouver and Portland will enter good crews in all events, and the outcome of the regatta is fraught with interest. The Vancouver boys have had a lot of hard luck this season, many accidents and considerable illness having affected their oarsmen. Portland was not able to start, owing to heavy rain, but their crews have been hard at it ever since.

The Victoria crews have been on the water for three months, and Coach O'Sullivan had what he thought was first-class material, but sickness has made him re-cast his senior four. Arthur Cox, secretary-treasurer of the N.P.A.A.O., announced this morning that the regatta would likely be the best that has been held at Portland for many years. He has just received all the entries.

### SAN DIEGO TO ATTEND

Mr. Cox announced that the San Diego Rowing Club would have crews at the regatta. The club is not a member of the association, but like to get in the competition. San Diego will send senior singles, double and fours, and a 140-pound crew.

The J.B.A.A. has a crew to Keelowna in August and it is quite likely that Keelowna will be a member of the association next year, when the regatta will be held at Victoria.

The crews entered by Mr. Cox by the various clubs are as follows:

### JUNIOR SINGLES

Vancouver—Mickey Craig and Chester Barker; Portland—Orlo Kendall; spare, Mel Slickfoose. J.B.A.A.—A. Speed, J. Crane and G. Dods.

### JUNIOR DOUBLES

Vancouver—Dawson Gordon and Ed. Gorton; spare, N. Smith, C. Carlow and C. Barker. Portland—John Semereth and Anton Lindstrom; Al Kellogg and H. Humphrey.

J.B.A.A.—A. Speed and J. King, G. Dods and J. Crane.

### 140-POUND SINGLES

Vancouver—Eddie Snead; spare, Olive McConnan. Portland—Carl Stover; spare, Harry Humphrey.

J.B.A.A.—J. Crane; spare, G. Dods.

### JUNIOR FOURS

Vancouver—Andy Mason-Rooke, Vernon Fisher, Carl Smith and Art Bergman; spare, Ken Whitaker, Jack Hall, Bill Turpin and Herb Fullerton. Portland—T. A. Davis, Anton Lindstrom, J. A. Hamman and Gordon Leitch; spare, John Trommald and Joel Olmstead.

J.B.A.A.—J. Crane, G. Dods, K. Derbyshire and J. King; spare, C. Donaldson and A. Speed.

### 140-POUND DOUBLES

Portland—Mel Slickfoose and Ed. Humphrey; spare, Carl Stover and G. Dods; spare, J. King.

### SENIOR SINGLES

Vancouver—Ed. Snead, Geo. Kingsley and Herb Fullerton. Portland—Del DesBrisay and John Trommald.

J.B.A.A.—A. Speed and C. Donaldson.

### 150-POUND FOURS

Vancouver—Cy. Cuthbert, Mick Craig, Ted Boyle and Jack Hart; spare, Ed. Snead, C. McDonald and G. Grey. J.B.A.A.—J. Crane, K. Derbyshire, G. Dods and J. King.

### SENIOR DOUBLES

Vancouver—Geo. Kingsley and Herb Fullerton; spare, B. Roe, H. Fletcher and C. Baker. Portland—Del DesBrisay and Carl Stover; spare, Al Kellogg.

## Cadets to Motor To Rifle Meeting

To-morrow a party of four cadets will leave for Seattle on the first stage of a transcontinental motor trip. These boys will journey from Seattle across the United States to Detroit, crossing the boundary to Windsor, thence to Kingston and Ottawa. They will take part in the Dominion of Canada Rifle Association meet which is held annually on the Connaught Ranges, Ottawa. Several letters have been received from various American cities offering the team hospitality and entertainment. The team will inspect Yellowstone National Park. The trip should prove to be a wonderful experience. The personnel of the team, who are all members of the 111th Cadet Battalion, Victoria High School, are as follows: Capt. A. C. N. Smith, Captain W. W. Murray, Sergeant David Bird and Corporal Alan Perry. The team is in command of the instructor.

## ITALIANS SURPRISE IN PINCH

Without Star Player Italy's Davis Cup Tea Defeats Czechoslovakia

On Verge of Defeat Baron de Morpurgo Shows His Form and Saves Day

Italians Will Meet United States in Series For Right to Play France

By staging two great surprises in five matches the Italian Davis Cup team won its way through the European zone and into the inter-zone final, where it will play "Big Bill" Tilden's American aggregation for the right to meet France in the challenge round.

The first of the surprising performances came in the first round when the Italians eliminated the strong Australian team by four matches to one. Before play started Australia was believed to have the strongest team of any of the European nations competing in the European zone, and was expected to reach the final with little difficulty.

Baron Umberto de Morpurgo, star of the Italian forces, accomplished the defeat of the Australian forces almost single-handed, winning two singles matches and a doubles match. He took the doubles. The veteran Australian, Gerald Patterson, put up a sturdy battle to keep his country in the running, but Italy's second singles player, G. de Stefani, and carrying De Morpurgo to five sets.

By this victory Italy was established as favorite in place of the vanquished Australians. De Morpurgo and his teammates performed the duties pertaining to that position in a fine manner by winning the second and third round matches. In the second round, Italy defeated the Czechs, and in the third round, Italy defeated the French. The European zone final will be played between Italy and Czechoslovakia ending yesterday provided another series of surprising performances. Its splendid record made Italy the odds-on favorite to win, but the loss of De Stefani, whose university examinations kept him from playing nearly cost Italy the victory.

The European zone final will be played between Italy and Czechoslovakia ending yesterday provided another series of surprising performances. Its splendid record made Italy the odds-on favorite to win, but the loss of De Stefani, whose university examinations kept him from playing nearly cost Italy the victory.

On the eve of his final day's training, Heeney is confronted with managerial dissension, that may become an open break at any time unless his American and English managers decided to patch up differences. Friction between Charles Harvey, Heeney's American business representative, and John Mortimer, brother of Bernard Mortimer, of London, who holds a five-year contract for Heeney's services expiring in July, 1929, exists.

The contract between Harvey and the Mortimers is reported to be equitable, but there have been sharp controversies over details which have smoldered until it appears that the least breeze of argument may make them take flame. The issue is the present financial arrangement, and the future services of Heeney. Harvey's contract has another year to run and he hopes eventually to obtain exclusive management of the New Zealanders' services. He feels he has been largely responsible for Heeney's successes in this country.

As far as can be discovered, Heeney at present does not seem to be affected by the threatened managerial row. He is steering a middle course between the two factions, plodding along with only the thought of getting himself ready for Tunney.

The present plans provide for Jim Heeney, his trainer, Charlie and Eddy Harvey, to have charge of Heeney's corner on the night of the fight.

## In Charge of Salmonbellies

GRUMPY SPRING

The New Westminster Salmonbellies, amateur lacrosse champions of the world, are now en route to Montreal for Amsterdam, where they will represent Canada at the Olympic Games. The team is in charge of Grumpy Spring, who was one of the finest inside home players ever developed in Canada. He was a member of the New Westminster professional team for many years and for some time has guided the destinies of the amateurs. He has put on a lot of weight since he quit playing lacrosse.

## Tunney Must Put Out Heeney Before Tenth Round to Win Fight

So Thinks Mickey Walker, Middleweight Champion, After Watching New Zealander in Action; Tunney Is Too Fine, Thinks Rickard, and He Proves Pie for Mays's Looping Left-hand, Which Is Heeney's Best Blow; Heeney's Two Managers Now at War

Fairhaven, N.J., July 16.—This is Tom Heeney's day of rest, his last before engaging Gene Tunney for the world's heavyweight championship in the Yankee Stadium a week from Thursday night. The sturdy New Zealander, after working an equivalent of nine rounds last night, will pick up his training to-morrow night and carry through until the finish without any further layoff.

When Heeney resumes boxing he may have the opportunity of trading punches with Mickey Walker. Walker watched the challenger in action last night and seemed to feel the urge of scrambling into the ring with him. He made no definite promise, but said he would like to work out at least a couple of rounds. He may box to-morrow.

The middleweight titleholder was impressed with Heeney's workout and predicted that the invader would give Tunney dangerous competition.

WILL CROWD TUNNEY

"Heeney looks like he is in condition and will give Tunney plenty of trouble if the contest ever passes the tenth round," Walker said. "He can take a lot of punishment and keep on going forward in face of heavy shelling. Tunney, no doubt, will stab him frequently with his left, but he will be catching plenty of punches in return. Make no mistake about that. Heeney in my opinion will crowd him from the start and Tunney doesn't like to be crowded."

On the eve of his final day's training, Heeney is confronted with managerial dissension, that may become an open break at any time unless his American and English managers decided to patch up differences. Friction between Charles Harvey, Heeney's American business representative, and John Mortimer, brother of Bernard Mortimer, of London, who holds a five-year contract for Heeney's services expiring in July, 1929, exists.

The contract between Harvey and the Mortimers is reported to be equitable, but there have been sharp controversies over details which have smoldered until it appears that the least breeze of argument may make them take flame. The issue is the present financial arrangement, and the future services of Heeney. Harvey's contract has another year to run and he hopes eventually to obtain exclusive management of the New Zealanders' services. He feels he has been largely responsible for Heeney's successes in this country.

As far as can be discovered, Heeney at present does not seem to be affected by the threatened managerial row. He is steering a middle course between the two factions, plodding along with only the thought of getting himself ready for Tunney.

The present plans provide for Jim Heeney, his trainer, Charlie and Eddy Harvey, to have charge of Heeney's corner on the night of the fight.

## Edmonton Grads Win First Game

Edmonton, July 16.—The Edmonton Grads opened their European tour Saturday with a 65 to 55 victory over the French Racing Club at Paris, according to a cablegram received by Edmonton Journal from Percy Pate, coach of the Canadian basketball champions. Margaret MacBurney was the leading scorer, with 18 points. Mildred McDonald scored 17, Kate McCrae 11 and Mae Brown 4.

## BROOKLYN CHECK UP CARDINALS

Del Bissonnette's Big Bat Once Again Subdues National Leaders

St. Louis Kept in Complete Subjection By Masterly Pitching of McWeeny

Yanks Win Two and Babe Ruth Kisses His Thirty-fourth Homer of Season

Thanks to Del Bissonnette and the Brooklyn Dodgers, the National League pennant race has not yet developed into a runaway affair with the St. Louis Cardinals doing the running and the rest of the field panting a long city block or two in the rear.

The Dodgers in general and Bissonnette in particular, contrived to upset the league leaders yesterday for the second day 3 to 1, and the New York Giants, defeating Cincinnati again, moved up to within four and a half games of the Cardinals.

Bissonnette has been responsible for the most of the misery of the Cardinals since he came to the big league. On Saturday his home run and triple were the blows that spelled defeat for the leaders. Yesterday the slugging first baseman doubled in the third to score the first run against Clarence Mitchell, the aged pitcher, whose left-handed spitball offerings usually are too much for most clubs.

Del followed the achievement with a single in the ninth that accounted for another tally. He didn't have anything to do with the other Dodger run which was scored in the sixth when Clarence passed one man and then made a mistake by letting two men hit safely. While the Dodgers were chafing madly about the bases, the Cardinals were nit-picking at a complete submission by Doug McWeeny.

Freddy Fitzsimmons won his own game at Cincinnati when he doubled in the eighth inning, scoring Otto with the run that gave the Giants a 3-1 victory over the Reds. Fitz and Lucas tangled in a tight hurling duel in which each team made only six hits. Fitzsimmons' winning hit came after Lucas had singled in the sixth to score Allan with the tie inning run. Charlie Gehringer batted second, and at this point for the Reds.

Taking over the Phillies, 6 to 3, for their sixth straight victory, the Chicago Cubs clung to their place just until the ninth when Percy Jones entered the box to retire the side.

RUTH SOCKS ANOTHER

Babe Ruth and Lou Gehrig, made it fifty-three home runs of the year and the Yankees took both ends of a double-header with the Cleveland Indians 3 to 0 and 6 to 4. Ruth hammered out his thirty-fourth homer of the year in the first inning of the nightcap and Gehrig got his nineteenth in the fifth. In the first game Pennock ran his consecutive scoreless innings to 26, his last two starts having been shutouts.

Myie Thomas, making his first start of the year for the Yankees, got credit for the win, although he was driven out of the box in the eighth inning when the Indians scored three runs. The St. Louis Browns found Washington a stubborn foe but the Senators finally yielded in the twelfth inning when the Browns pushed across two runs and won 6 to 4.

## Bike Riding In West Faster Than In East

### Comments Bill Peden

Officials Here Stricter and Fans in East Would Like to See Men in East More Stringent; Riders in East Loaf Until Last Two Laps; Easterners Surprised at the Speed of British Columbia Riders; Peden Tells About the New Board Track in Toronto

Bill Peden, Victoria's only representative on the Canadian Olympic team, has had quite a time in the East. In a letter written to the sporting editor of The Times "Big Bill" says that the sedate East was surprised at the calibre of the British Columbia riders. In the final of the 1,000 metres Bill rode with Jim Davies, of Vancouver, after they had eliminated all the easterners.

"Big Bill" gives a good idea of how the bike riding sport is conducted in the East, tells of the new track there, relates his experiences and thinks that riding in British Columbia is better than what it is in the East. The riders step out from the gun here, but in the East they loaf until the last two laps.

THANKS HIS FRIENDS

Bill asks The Times to say thanks to his many friends here who have been pulling for him in his races. "It is a help in a tight place to know that the folks at home are with me and to know that I am riding not only for myself but as Victoria's only representative here."

Bill's letter is as follows: "The racing here is very keen and rivalry very strong. When I first arrived and was not able to show my speed on the boards they paid no attention to me, but later, became a marked man. There is usually a keen fight for my back wheel, as the riders figure I'll be near the front when the last lap starts and they like to be pulled to there. Then it is a sprint for the 'bell-lap'."

"The officials here are not as strict as they are at home, but in my opinion the fans would be more satisfied if they were."

SHOCK FOR THE EAST

"There were some very keen races here during the Olympic trials. It was quite a shock to some people to see the final of the 1,000 metres ridden by two westerners, Jim Davies of Vancouver and myself. They were run as match races, only two riders at a time. The 4,000 metres pursuit race final was not run. It is the opinion of some that it would have been another all-western race. The four of us who were pretty well favored were in the final and they did not wish to run them as they did not want us to tire for the championship last Saturday."

In the five-mile open on the night of the trials Jim Davies won, with Elder, Houting and myself chasing him close. Jim lost control of his bike after he crossed the line and crashed into the fence. He was cut and burned. This undoubtedly slowed him up some on Saturday, and will require quite a little riding to bring his nerve back to what it was."

TOO MUCH LOAFING

"I think the riding in the West is faster as a rule. The riders here go more from the start. Here the riders loaf till about two laps from home, then sprint. They can move for that distance. The last eighth of a mile is done in about thirty seconds on an average. Elton McKay, who won the quarter mile title, has done it in 12.5 seconds. Don Sutherland did this in training, but no one else that I have heard of has done it. They can do this after they have had to work a little."

"They ride here in two classes, 'A' and 'B'. The class 'B' riders are riders who have a not more than four first in class 'B' or open races. The C.O.M. bikes are by far the most popular. The riders use Pinelli track tires. They weigh about seven ounces. For the important races they switch to lighter tires, Fye Musselman or La Roche, weighing about four ounces."

RACE TWICE A WEEK

"They race here twice a week at 8.30 p.m. The programme lasts about two hours. The prizes are scrips on sporting goods stores. In class 'B' races \$5, \$3 and \$1. For class 'A' races \$5, \$3 and \$2. The riders make about their expenses for their bikes and tires. It is in reality a way of training for the bigger races, cutting down on expenses. There is an admission of 25c and 50c at these meetings. This pays for the prizes and a few little extras. There is little profit for the owners of the track except on special occasions."

A GREAT TRACK

"This track is comparatively new, having been built last Summer. Carpenters put up the frame and the riders laid the surface, the boards of which are an inch and a quarter square and of pine. There were about ten tons of nails used and not one can be seen on the track. The track is about 130 yards long and about thirty yards wide. The ends are banked to about twelve feet with an eighteen-foot surface. The stretches are banked about four feet on a sixteen-foot riding surface. The riders have dressing-rooms built under the track where the bank is high."

"This country is nothing like Victoria. Since I arrived we have hardly had two days in a row without rain and very few warm days. We are still optimistic."

"Everybody here treats us wonderfully with the exception of a few on track. The officials of the C.W.A. and C.C.M. have been friendly and helpful. The Y.M.C.A. has helped me, too."

## VICTORIA AND ALBIONS WIN

Former Defeats Cowichan By Heavy Score While Albions Score Win Over Five C's

Victoria and the Albions chalked up wins in Saturday's Victoria and District Cricket League matches, the former defeating Cowichan at the Jubilee grounds 302 to 158, while the Albions won from the Five C's 97 to 78 at Beacon Hill.

Going to bat first Cowichan got away to a bad start Leggett and Connel being out for a few runs. When the fifth wicket fell the Up-landers had improved their batting by scoring 141 runs. The next four wickets were lost for fifteen runs.

Victoria started scoring from the start but lost four wickets for forty runs. Grant joined Meredith and this partnership carried the total to 111. Wilkinson and Barber-Stacker joined Grant in order and the latter succeeded in scoring 141, not out, the best mark of the season.

In the game at Beacon Hill the Albions defeated the Five C's in a real bowlers' match. Jordan bowled well for the winners taking five wickets for nineteen runs. Hanson, bowling for the Five C's, took six wickets for 41 runs. Freeman was high scorer for the Albions, contributing an even 80. The scores were as follows:

# Norma Talmadge Now at Dominion

Pretty Film Actress Is Star in Dominion Theatre's Showing This Week. "The Dove" Is Sensational Film; Director Gives Expression to Ideas in Artistic Work

Norma Talmadge officially becomes a United Artist with release of her new picture, "The Dove," which plays at the Dominion Theatre all this week. In her debut as a United Artist, her role is that of Dolores Romero, a heroine of many moods.

"The Dove" has been directed by Roland West, who made "The Bat" and is known for original ideas in directing. West believes that closeups can legitimately be used in pictures as doctors use X-rays. A doctor must clearly see the subject in whom he is interested. So the audience must be able to see just as clearly the character which is being revealed in a story.

In pictures, the close-up, according to West, should be used psychologically. It is highly inartistic to use it merely to exploit a star's prettiest moments. It is a much more precious means whereby to show the measure of the star's feelings under any set of dramatic circumstances.

Roland West declares, "I have no quarrel with the critics who object to the promiscuous employment of the close-up-to-the-camera action in motion pictures, but I do insist that it is impossible to tell a screen story convincingly without intimate shots of the leading players."

SISTER OF DOLORES TO STAR WITH HER—Sharing the limelight that her sister has enjoyed alone for several years, Helene Costello (above) will be co-starred with Dolores in "Noah's Ark," a new "super-film" with Vitaphone effects, now being made in Hollywood. Both are daughters of Maurice Costello, movie matinee idol of other years.

girl life just off the Great White Alley of New York; a roaring tale of crooks and hijackers who ply their trade to the tune of jazz bands and popping corks from the vividly colorful background against which is drawn the surging drama of "Queen of Diamonds," in which Evelyn Brent comes to the Variety Theatre to-day.

A rapid-fire story from the pen of Fred Kennedy Myton, who has written many of this star's most successful vehicles, presents the charming and dynamic little actress in the sort of role in which she has endeared herself to hundreds of thousands of cinema fans. She is a chorus girl fighting against a drab fate in the Roaring Forties of New York—the hub of the world's theatrical life.

## Chinatown Of San Francisco In Sills Film

"The Hawk's Nest" is Dramatic  
Picture Romance Here  
Now

The habits of Orientals who live in their own quarters in American cities are always of interest to the Occidental mind. San Francisco's Chinatown has always been a Mecca for tourists, and the same in New York, where Mott, Pell, Doyers and other streets are given over to the rabbit warrens and narrow doorways affected by the Celestials. Such scenes afford much of the background for "The Hawk's Nest," Milton Sills' latest First National picture which is now showing at the Columbia Theatre.

## These Movie People

By DAN THOMAS  
Hollywood, Cal., July 16.—It begins to look as if the world may soon acknowledge a Fifth Estate.  
Some centuries ago when Europe was ruled by feudal lords, three estates were established. The First Estate was composed of clergymen, the Second Estate included nobles and the Third Estate made up of common people. These estates were considered vital factors to the civic and social existence of medievalism.  
As the world progressed, feudalism vanished. A Fourth Estate was recognized—the press. And now motion pictures have advanced to a position sufficiently important to society to be acknowledged as the Fifth Estate.

Here's another boost for our little red-headed pal, Clara Bow. About five years ago she was playing the role of Baby Peggy's mother in "Helen's Babies"—and at very small salary. One day she was broke and borrowed two dollars from a stenographer at the studio. And she paid it back!

It won't be long now before the boys and girls in Des Moines, Omaha and way-points will be seeing all of Broadway's big stage hits. With the increased popularity of talking movies, stage hits also will become screen subjects. Warner Brothers will start the ball rolling by making a vitaphone feature out of "The Desert Song."

A few days ago Charlie Murray received the following letter: "Everyone is interested in the making of motion pictures, yet it is most difficult to obtain admission to the studios. However, if you will stop at my desk I shall be glad to furnish you with tickets admitting you to the showing of a film, graphically presenting a picture in the making, and many other features of the industry."

The letter was signed by an official in a big Los Angeles bank. That's just a little worse than asking a postman to take a hike for his vacation. They weren't even going to show Charlie the real thing—just a picture of it.

Little Sue Carol, the Chicago heiress, certainly has made a rapid ascent in pictures. Her first two films, "Slaves of Beauty" and "Soft Cushions," found her in a basement during most of the action. Then "Walking Back" brought her to the street level. "Skycraper" followed next and took her to the top of a building. And she has just finished "The Air Circus," which finds her flying in the clouds.

## MAN KILLED BY TRAIN

Dauphin, Man., July 16.—Walking along the Canadian National Railways track, Nicola Rolaky, sixty-four, was struck by a passenger train and instantly killed Saturday. Rolaky was going to visit his son, who lives a few miles out of Dauphin. A curve in the track obstructed the engineer's view.

## Chaplin Comes To Coliseum In "The Circus"

Famous Comedian Makes Riot of  
Fun in His Greatest  
Comedy

The big tent used in Charlie Chaplin's "The Circus" at the Coliseum Theatre is of a cosmopolitan character, and necessarily the action that transpires inside it does not confine itself to any stated period or type. The show is one of the old-style horse-drawn variety, traveling from town to town, within such distance as to allow a couple of performances daily and a removal at night to the next stand, without resorting to any journeys by rail.

After the evening performance, the top is dropped, the poles are lowered, the canvas is rolled, and the V's and brackets which constituted the seats are packed into the allotted wagons and off they go on the open road to the next stop. The proprietor and some of the principal performers sleep and eat in carriages, "living wagons" which accompany the show, but the others are content to lodge in small inns always adjacent to the show grounds—some eating in cook-tents, and those who can afford it patronizing the nearby restaurants.

## Clever Film Story at Playhouse Now

Lou Tellegen, Hero of Many  
Screen and Stage Plays, is  
Leading Artist

James Duxbury had only two problems to vex him—women and money—he wanted lots of both. The way in which he set out to get what he wanted and what he got forms the clever plot of Fox Films' "Married Alive," at the Playhouse Theatre.

Lou Tellegen is the soft-mannered Mr. Duxbury whose philosophy is that a man is entitled to as many wives as he can keep and as much money as he can get.

## Adolphe Menjou Has Lover's Role

"His Tiger Lady" Plays at Capitol With Noted Universal Artist in Leading Role Supported by Splendid Cast, Vaudeville Acts Present Some Artists of Rare Talent and Popularity

Adolphe Menjou's latest Paramount starring vehicle, "His Tiger Lady," now on the screen at the Capitol Theatre, is the story of a practical joke that turned into a real love affair between a rich woman and a "super" of the stage.

Menjou plays the role of a minor actor in the cast of the Polles Bergere. His only apparent ability is to look majestic while sitting on an elephant in the gay opening number. One of the habits of the Polles is the wealthy Tiger Lady, who attends every night for lack of anything else to do. From his perch atop the elephant, Menjou always studies her and she becomes an idol to him.

The other members of the cast notice this, and write a note to the "super," signing it with the Tiger Lady's name, inviting him to visit her. As he is about to start off on this mission, the stage manager and others back of the footlights ruin his only suit of clothes, so he is forced to make his call in the

costume that he wears on the stage, that of a maharajah.

Menjou wins the Princess, which role Evelyn Brent plays, but not until he goes through numerous adventures, one of the thrills being his conquest of a ferocious tiger.

During the entire action of the story, Menjou's far-famed dress suit does not put in an appearance.

Hobart Henley directed the production, under Ernest Valda's supervision. In the supporting cast, besides Miss Brent, are Rose Dione, Leonardo de Vasa, Jules Bancourt, Mario Carillo and Emilie Chautard.

The stage presentations at the Capitol Theatre for this week include Les Randall, the boy who sings and plays a "uke"; Nash and Smith, a couple of "Barktown strutters"; and the famous radio artists from KOMO, Gordon Richardson and Bill Degan. The Concert Orchestra and Harold Bechtel will complete the vaudeville bill which will be offered twice daily.

### Langford

Langford, July 15.—Eighteen children trained by Mrs. Horace Simpson and Mrs. James L. Brown, with Miss Ada Simpson at the organ, rendered a very pleasing song service at St. Matthew's Church on Sunday night.

The special hymns were numbers 230, 715, 721, 710, while hymn 723 was sung as an anthem by the young choir. The Rev. H. B. Allen, vicar, preached an appropriate sermon from Psalm 103, verse 15. The service was so enjoyed that it is hoped to have a similar one in the near future.

Mr. and Mrs. Tirney, from Sacramento are visiting Mr. and Mrs. D. H. Bartholomew, Dunford Road.

Miss Betty Forsyth, from Fort Street, is visiting Miss Georgina Cooney, of Goldstream Road.

There was a record attendance at the tennis club on Saturday afternoon, the tea hostesses being Mrs. George Cooper, Miss Cecile Dach and Miss Thelma Brotherton.

A well attended meeting of the adult members of the Langford Lawn Tennis Club was held at the home of the vice-president, Ernest le Queune, on Saturday evening. The president, James Stewart-Yates, presided. The members decided to have a tournament among themselves and also to play matches with outside clubs. The fee for temporary members was decided upon. Miss Ada Simpson resigned from the tennis tea committee, and Mrs. L. G. Wilkinson was elected. The meeting closed with refreshments kindly served by Mrs. Ernest le Queune.

The annual school meeting was held on Saturday night in the schools. There was a good attendance. H. Pearce, trustee, was elected chairman, and reported on the past year's doing in the school, the athletic side being developed with basketball and sports, the resignation of Mrs. Percy Welsh, principal, has been accepted. The board were glad to report that Miss Lois Peasey would be principal, but continue her work in the junior room. W. T. Dixon, retiring trustee and secretary, was re-elected and will now be in office for three years.

H. A. Hincks was re-elected auditor. The secretary reported the school required painting, a new flagpole and posts needed, so the sum of \$2,000 was required, inclusive, to carry on the work satisfactorily for the ensuing year.

The report of the medical inspector, Dr. Irene Bastow Hudson, on the health and sanitation of the school was very satisfactory. The school inspector's reports of the children's progress were heard with interest.

H. A. Hincks proposed thanks to the three trustees, Mrs. I. W. P. Jackson, H. Pearce and W. T. Dixon for their services throughout the past year.

Langford, July 16.—The first road race of a series of eight was run on Friday evening with nine boys competing in the under sixteen years' race, and eight under twelve years.

The seniors ran three miles and the juniors one mile, finishing at Winona Lodge, the order being for seniors: 1. Vong Quan; 2. Neil Clarke; 3. George Duncan; 4. Keith Brown; 5. Alan Jackson; 6. Campbell Brown.

The juniors finished: 1. Tom Dixon; 2. Oswald Hincks; 3. Stanley Jackson; 4. Dean Johnston; 5. Frank Yates; 6. Howard Smedley; 7. Rex Jackson; 8. Claude Hincks.

Mr. and Mrs. Norman Brown and J. B. Jeffrey conducted the heats.

Silver cups are to be awarded for the final winners and also second and third prizes.

Miss Elizabeth Welsh of McBarbarie, Goldstream Road, is visiting friends at Duncan.

Miss Mickey Lawson of Cowichan Street, Victoria, is visiting her aunt, Mrs. W. H. Lawson, of Leigh Road, Langford Lake.

### Man in Vancouver Was Struck By Auto

Vancouver, July 16.—Harry Van Beest, Thirteenth Avenue East, lies in the Vancouver General Hospital fighting for life as the result of an automobile accident which occurred at Gore Avenue and Union Street at 1:15 a.m. Sunday, when he was knocked down by an automobile.

Van Beest was said to have been crossing the intersection when the car bore down upon him, striking him to the pavement and fracturing his jaw, inflicting severe lacerations on his legs and causing probable internal injuries.

## Annual Meetings of District Ratepayers

Colwood, July 16.—The annual meeting for ratepayers in Colwood was held in Colwood School Saturday evening. W. Bosworth acted as chairman, the secretary for the evening being T. Goucher. Mrs. W. T. Goucher was elected to the Board of Trustees to fill the vacancy caused through the retiring of Mrs. Goucher. W. Bosworth was appointed auditor for the ensuing year. The Board of Trustees were offered additional property adjacent to the school for the purpose of enlarging the playground. After discussion it was decided to hold the matter over.

It was decided to call for tenders for repainting the Colwood School. Miss Kelly proposed a vote of thanks to the retiring secretary of the School Board, Mrs. Goucher for her excellent work in the past.

Happy Valley, July 16.—The annual meeting of Lutton and Happy Valley ratepayers was held Saturday evening in the Happy Valley School for the purpose of electing one trustee for the years 1928 and 29, and for the purpose of consideration of business of interest to the Lutton and Happy Valley School District. G. Hankin was re-elected to the Board of Trustees. P. Gough was appointed as auditor for the ensuing year. The trustees announced a new

## CAMPAIGN OF ONE ADDRESS HELD YESTERDAY

Big Audience in Beacon Hill Park Hears J. North, Independent Candidate

Joseph North, independent candidate for Victoria, opened and closed his campaign for election to the Legislature yesterday afternoon in Beacon Hill Park where he addressed over a thousand people at the conclusion of the Sunday afternoon band concert, speaking from the bandstand.

Mr. North's address was punctuated with rounds of applause and laughter and concluded with the adjuration "Don't vote the straight four ticket, vote for the straight man."

"WE NUTHEADS"

"My subject is 'We Nutheads, Including Myself,'" said Mr. North. "British Columbia is certainly the land of opportunity. It is a land of milk and honey, worth living in, a land to be proud of, and will be 'The Promised Land' after the election, according to the broadcast promises of the campaign," he remarked.

**BUSINESS METHODS**

"One of the Liberal candidates says the Government is run on a business basis. But I say that three honest men could run the Province, including liquor, and the profits of the liquor sales could employ all our boys and girls, and keep them from going to the States."

"We pay Mr. Davidson \$15,000 to tell us what to drink and how to drink it. I'd like that job for \$5,000. I could give the poor of the city \$2,000 back. Joe North would find \$3,000 each year enough for him," he declared.

"Why don't they give us something good to drink? We get beer, but it ain't beer. The Government is paid to do the business. We ain't. We just pay to look on and grouse," Mr. North protested.

**A BIGGER JAIL HERE**

"Another Liberal friend promises a new courthouse if you vote for him. We don't need a new courthouse. We can keep the present one clean. What we need is a bigger jail here in Victoria."

## NEWS IN BRIEF

Magistrate Jay dismissed the charge  
against W. P. Leicester of assaulting  
Albert Warder on July 6 in the city  
police court this morning.

Pleading guilty to the charge of de-  
positing refuse in a wooden barrel con-  
trary to the by-law the Victoria City  
Dairy Company Ltd., were fined \$20  
in the city police court this morning.  
The defendants pleaded guilty through  
counsel, W. Davis.

Charged with unlawfully keeping  
liquor for sale at premises on John-  
son Street, No. 2, Stella Bridges  
was remanded for one week in the city  
police court this morning. The ac-  
cused pleaded not guilty through coun-  
sel T. M. Miller. Magistrate Jay set  
bail at \$1,000 in two sureties.

Joseph Jefferson and Jean Bland  
were jointly charged in the city police  
court this morning with assaulting  
Charles Bland on July 10. When the  
case was called Jefferson failed to put  
in an appearance and after Inspector  
J. Boulton testified he had served a  
summons on the accused a warrant was  
issued for his arrest. The case was  
stood over until to-morrow.

Applications for the post of assistant  
to the city solicitor, H. S. Pringle, are  
now being received by the city, and  
will close on Wednesday at noon. The  
position has been advertised locally  
and on the mainland, with several ap-  
plications already filed in response. The  
post carries with it a commencing  
salary of \$1,800 a year. Applications  
will only be entertained from fully  
qualified solicitors. It is stated.

## WANT MILLIONS FOR HOSPITAL

International Institution at  
Japan in Process of Re-  
construction

"We are rebuilding St. Luke's Inter-  
national Hospital at Tokio at a cost of  
about \$2,500,000," said Paul Rusch,  
assistant director of that institution,  
when he arrived here this morning  
aboard Ss. President Jackson from Ja-  
pan, "and we are going to raise that  
amount in United States before the  
end of December."

St. Luke's is strictly an international  
hospital and confined in its attentions  
to the foreign population. It serves  
the various embassies of Tokio. Its  
staff is Japanese in so far as nurses are  
concerned, and many of the doctors of  
the institution are also Japanese sur-  
geons of ability and note.

Mr. Rusch has high hopes for the  
campaign for funds, he says.

## OBITUARY

There passed away Saturday at the  
Royal Jubilee Hospital after a short  
illness, James Kirkham Gray, The late  
Mr. Gray was born in Perth, Lanark  
County, Ontario, seventy-two years  
ago and came to this city from Gray-  
son, Sask., four years ago. He is sur-  
vived by his widow at the family re-  
sidence, 2376 Lee Avenue, and two daugh-  
ters, Miss Gladis May Gray, at the  
above address, and Mrs. D. J. Sheehan,  
Regina, Sask., also one son, John P.  
Gray, Multnomah, Oregon. Funeral  
services will be held Tuesday afternoon,  
July 17, at 2:30 o'clock from the E. J.  
Curry & Son Funeral Home, corner  
Quadra and Broughton Streets. Rev.  
Dr. W. G. Wilson will officiate after  
which the remains will be taken to  
Portland, Oregon, where interment  
will be made.

fined. Dr. A. C. Sinclair, who is at-  
tending Mr. Talbot, stated to-day his  
condition was unchanged.

## CHINAMAN FOUND IN MUIR CREEK

**Body of Joe Sick Young  
Taken From Water By Con-  
stable Meadows**

Joe Sick Young, Chinaman who had  
been missing since last Thursday, was  
found at 9 o'clock Sunday morning  
drowned in six feet of water at Muir  
Creek by Provincial Constable Dick  
Meadows.

The Provincial Police were informed  
that the man was missing on Saturday,  
and Constable Meadows who went to  
search for him yesterday morning  
found Young's body lying in the water  
between the logs of a boom.

It is thought that the Chinaman had  
been galloping seaward when he at-  
tempted to cross the water on a boom  
and slipped in.

## Fighting Fire On Malahat Road

Members of the Provincial Forest  
Protective Branch are now engaged in  
quelling a forest fire near the Seven-  
teen Mile Post on the Malahat High-  
way. The blaze broke out yesterday  
but department officials state to-day  
the fire was not of a serious nature.

## Hotel Rotunda Gossip

Perfect holiday weather saw all Vic-  
toria hotels pretty well filled to-day,  
despite the exodus of the week-end  
crowd.

J. W. del B. Parris, of Vancouver, for-  
mer Attorney-General of the Province,  
came over this morning on court busi-  
ness as Mrs. Parris is with him at the  
Empress Hotel.

Dr. J. W. Woodley, the compensation  
health official, also came over this  
morning on business.

Among the other Vancouver people  
who crossed to Victoria this morning  
were C. P. Eastman, Dugald Campbell  
and Miss D. Drury from North Van-  
couver, who are all at the Empress Hotel;  
and Mr. and Mrs. F. W. Smith, who  
are at the Dominion Hotel.

From farther east there arrived to-  
day Mrs. S. N. Davis of Hamilton; Mr.  
and Mrs. A. Lesser of Montreal, and  
Mrs. A. C. Harris of Winnipeg. They  
are all at the Empress Hotel.

L. H. Rawlings, the chief realtor and  
business man of the Nakusp district,  
arrived in Victoria this morning for a  
short holiday. With him at the Do-  
minion Hotel are members of his fam-  
ily, including Mrs. Rawlings, Miss O. B.  
Rawlings, Mrs. J. G. Rawlings and Cecil  
A. Rawlings.

## HARBORD NOW FACES CHARGE

**Accused of Interfering With  
Police Officer in Perfor-  
mance of His Duty**

Further developments were seen this  
morning when the assault charge  
against Constable Samuel Strange of  
the city police, laid by Walter Har-  
bord, following the eviction of the  
latter from a political meeting at the  
Royal Victoria Theatre last Tuesday  
night, was called in the City Police  
Court.

Mr. Harbord has now laid another  
assault charge, the second one being  
against Christopher McRae of Vancou-  
ver. The offence is alleged to have  
taken place at the Royal Victoria The-  
atre last Tuesday night.

Constable Strange has also laid a  
charge against Mr. Harbord of inter-  
fering with a police officer in the per-  
formance of his duties.

When the case was called to-day Mr.  
Harbord informed Magistrate Jay that  
on account of his counsel, Frank Hig-  
gins, K.C., being absent from the court  
he would like a remand until to-mor-  
row.

Magistrate Jay stated that after con-  
sidering the three charges he thought  
it would be better to remand them  
until after the election and would set  
Friday as the day of hearing.

Mr. Harbord urged that the case pro-  
ceed to-morrow. He declared his in-  
tention of going to Calgary, and also  
stated he wished to end the proceed-  
ings as soon as possible through the  
poor condition of his health.

Magistrate Jay, however, said he had  
to consider the interests of the public  
and would leave Friday as the day of  
hearing.

In a last attempt to get the case set  
for to-morrow Mr. Harbord stated he  
was willing to withdraw the charge  
against Mr. McRae.

## CITY ASKED TO SPRUCE UP CITY HALL BUILDING

In a letter to the City Council to-  
day Mayor J. C. Pendray asked the  
council to donate the paint necessary for  
the renovation of the City Hall  
building, if the city will supply the  
labor. The city should set an ex-  
ample in keeping its public build-  
ings in fine shape, the Mayor is  
calling attention to the condition  
of the Town Hall building.

## JAPAN PREPARES FOR CORONATION

**Procession Will Travel With  
Emperor 300 Miles For  
Ceremony**

All Japan is waiting for the tremen-  
dous spectacle of the coronation pro-  
cession from Tokio to Kyoto, the an-  
cient capital of the empire, when the  
emperor will travel the 300 miles in  
state with an immense escort. There is  
a tense expectancy before the great  
event. The authorities are planning,  
quietly and effectually, to prevent an-  
ticipatory demonstrations or fanatical  
disturbances. Increase of police forces  
by many thousands, the building of  
shelters and accommodations for the  
100,000 visitors expected at Kyoto for  
the coronation, is a part of the pro-  
gramme of preparation.

This was the story which Ralph Nash,  
passenger aboard Ss. President Jackson,  
brought the morning from the Orient  
when the liner docked here. He is an  
engineer with C. M. Loosted & Com-  
pany Inc., stationed at Yokohama,  
where the firm has big interests.

## Was Indirectly Victim of Great Quake In Japan

The funeral of the late Walter John  
Cabeldu, who passed away at Bees-  
haven Sanitarium on Sunday morning,  
will be held from the B.C. Funeral  
Chapel Tuesday afternoon at 2 o'clock.  
The Deaf of Columbia will officiate,  
and interment will be made in the  
Royal Oak Burial Park.

The late Mr. Cabeldu was born in  
Kobe, Japan, fifty-six years ago and  
spent practically the whole of his life  
in the Orient, where he was engaged  
in business. Mr. and Mrs. Cabeldu  
were in Kobe at the time of the earth-  
quake disaster, and shortly afterwards  
Mrs. Cabeldu came to Victoria to re-  
side, to be near her three sons who  
were in school here. The shock of  
the disaster undermined Mr. Cabeldu's  
health and he retired from business  
in 1926 and joined his family here.

He leaves his widow, Mrs. Ellen Mar-  
aret Cabeldu; three sons, a mother,  
Mrs. P. S. Cabeldu, England; two sis-  
ters, Evelyn Cabeldu, England, and  
Mrs. Thwaites, Hongkong.

Rome, July 15.—Signor Hettimelli,  
fighting editor of L'Impero, has chal-  
lenged the director of the Paris news-  
paper Mado to a duel for making what  
regards the whole of his life in the  
Empire. Mado's being saved first from  
the stranded crew of the North Pole  
dirigible Italia.

## CITY TRYING TO CUT COAL COST

**Mayor J. C. Pendray and  
Trustee W. C. Moresby  
Raise Question**

**City Offers to Join With  
Board in Direct Purchase, If  
Prices Maintained**

Stating that the city can effect a  
material saving in its \$20,000 coal bill  
yearly by buying direct from the mines,  
and by landing the coal at city wharves  
for distribution by the engineer's de-  
partment, Mayor J. C. Pendray called  
on the City School Board to-day with  
an offer of full co-operation in an ef-  
fort to obtain closer prices for the  
annual supply needed by city schools  
and other buildings.

A protest against the price asked  
for coal was made at a recent meet-  
ing of the City School Board, where  
Trustee W. C. Moresby questioned the  
sudden rise in the prices quoted to  
the board by local dealers. Mr. Moresby  
stated he was not imputing any bad  
faith on the part of the local dealers,  
but was of the belief that the city  
could do better in its fuel purchases  
by pooling orders and studying the  
subject more closely.

On behalf of the city, Mayor Pendray  
took up the matter with all city de-  
partments, and in his letter to the  
board to-day suggests the rejection of  
present tenders and a call for lower  
prices if the same method of purchas-  
ing is to be kept up. On the con-  
trary, points out His Worship, if the  
new prices are not satisfactory, the  
city may purchase direct from the  
mines in scowload lots and effect a  
saving. The letter to the school board  
by the mayor follows:

"Referring to our several conserva-  
tions re coal purchases, I feel that the  
school board and all other civic de-  
partments are being asked to pay too  
high a price for coal. I strongly recom-  
mend to the Board of School Trustees  
that new tenders be called for, and  
that if satisfactory prices are not sub-  
mitted, that our orders be pooled and  
we purchase coal by scowload lots. The  
coal could be landed at the city docks,  
where the engineering department  
could distribute it and effect a great  
saving."

"I might state we could purchase  
coal direct from the mines at a great  
saving over the present prices asked  
by local dealers. We would be only  
too glad to co-operate with you in  
this matter."

The fuel requirements of the city  
total 1,700 tons of coal for all de-  
partments and \$25 cents of wood. In con-  
tracts already awarded for this year,  
from \$10.70 to \$10.30 is being paid for  
lump coal on the short ton basis, and  
\$7 a ton straight for slack.

# BIG MISSOURI HOLDS STRONG ON ADVANCE; PORTER UP 5 POINTS

Vancouver, July 18.—Big Missouri held strong on the Vancouver stock market to-day, opening at 65, rising to a high of 67 and closing at 65, one up from the Saturday close. Total sales for the day were approximately 30,000 shares.

—Rufus-Argenta was not traded in to any great extent, the market apparently holding in abeyance pending some

New development in regard to future ownership and financing. Opening at 18, it rose to a high of 19, and then fell back to the opening figure.

Grandview grew stronger to-day, opening at 36, touching 37 and closing at 36 1/2, with a total of 13,000 shares being traded.

Piedmont closed at 27, with a high of 28, and a low of 26 1/2.

Pied Oreille again slumped, closing with a net loss from Saturday's gain of \$1, the opening to-day being at 140, and the close at 137 1/2 on sales of 300 shares.

Premier held at 227, but Porter Idaho had a sharp advance from an opening at 64 to a close at 69.

Richfield touched 10 1/2, and then fell to 9 1/2, but with steady demand at the lower price, large blocks of the stock were taken up as they became available. The number of shares traded was 11,000.

Golconda reached a high of 88 with last sales at 87, Kootenay Florence was little changed and Lucky Jim rose to a high of 32.

There was steady demand for Silver Crest, which had most sales at 13.

Topley Richfield sold at 57, Wellington at 17 and Woodbine at 30 to 31 and 32.

There was no trading in White Water.

Home Oil was softer, selling down to 290.

# SPOTTY MARKET RULES IN TORONTO; BIG MISSOURI HOLDS

Toronto, July 16 (By R. F. Cattle)—The market for iron and steel to-day was inclined to be spotty.

Abnaba was about the only feature, but was unable to get away at any price, there being plenty of supply from the lake.

Close to 1000 tons of iron was picked up at the close, closing at 330-335.

Amulmet opened at 470-480, but softened to 450 and lost 16 points at 460.

Holdering had an exceptionally bad day, selling to 11.60 and then closing at 11.75-12.00. It is well-known that Holdering did not make their dividend payment for the year, and it is probable that the grade of ore will have to improve or tonnage stopped up if present rate is to be kept up.

Noranda was moderately traded in, but lost 3.50 at 4.00.

Pend Oreil was also weaker, selling at 14.00 down to 13.25.

Tuck Hughes lost 30 at 30.50 bid. This loss will be ex-dividend to-morrow, the 17th.

Big Misami, after its rapid advance of Saturday, held well and lost only four points to day, closing at 65-66.

Newberry was weaker, selling from 36 down to 30.

Windfall had a rapid advance from

# Our greatest asset

THE material progress of our Province is known the world over. We speak with pride...and rightly...of its vast natural resources awaiting conversion into merchandise and wealth. We take the figures of ten years ago and compare them with those of today...and the world agrees that our progress...considering our population...has been the brightest feature in the recovery of the British Empire from

the war.

And if this progress, of which we are so justly proud, is to continue, does not the most vital force of this country lie in our children? Some day, they will take the helm. Events will follow their judgment, skill and decision. **THEY ARE OUR GREATEST ASSET!**

The Boy of today is the Man of to-morrow ... the Girl, the future Mother of our citizens.

On us rests the responsibility of shaping their formative years so that when we hand over the reins, they may carry on the Torch of Progress, undimmed.

How have we met our responsibility? Can we look Young British Columbia in the eye with the feeling that all will be well with the future of the province for which we have planned so carefully and labored so faithfully?

**SURELY!**

In the last ten years our school population has grown from 64,570 to 101,688 ... 58%. We have

trained, competent teachers ... an increase of 31.7% and 71% respectively!

Recently we have established special vocational schools for our girls and boys, where they may be fitted for those occupations for which they have a natural bent.

Higher education is amply provided for at our University of British Columbia, where two thousand students are now enrolled, the majority studying for their degree in Science and Agriculture.

And to the school training of our children we add the powerful influence of Home, the religious and other organizations, each of which is contributing its full measure of the physical, mental and character upbuilding of our dearest, most treasured asset ... **OUR CHILDREN!**

With confidence and faith we will hand over our beloved Province's future when the time

A softball game between the senior and junior councillors' teams captained by Bill Webster and R. W. Murdoch respectively was the feature on the pro-

programme of the Commercial Travellers' picnic, held at Beach House, Sydney yesterday.

The fiddler's team carried off the honours but there is some question as to the uprightness of Empire Cy Paxon—who looked after the game—'as he still has not got their looking for him' and Matt Hunter, one of the committee members in charge of the entertainment.

During the game, many races in the field were provided amusement for the onlookers at the gathering. Foot races for the adults and kiddies and tug-of-wars between men's and ladies' teams, also features on the day's programme.

The committee in charge of the picnic was composed of the following: R. G. Bowditch, D. W. Webster, L. Woodhouse, R. W. Murdoch, Judges M. G. Hunter, Charles Gardiner and John Irving.

Boys' race, five years and under—Howard Rowbottom, R. Darnborough and R. Norman.

Girls' race, five years and under—Doreen Hunter, Patsy Mackie and Helen Webster.

CANADA — AND THE FUTURE

**T**HE Canada of to-day has been built by men who looked ahead.

The Fathers of Confederation, looking ahead, created a United Canada. With the passing of years their vision of a more prosperous Canada has materialized beyond their fondest hopes.

The builders of one of our railways staked their fortunes on a venture which the critics said would barely pay for axle grease. But—they looked ahead, and the Canadian Pacific is their monument.

Our industries have been

created by men of foresight and courage—men who looked ahead and realized that with our rich resources rapid growth was inevitable.

The great work of these pioneers has cleared the way, and made it easier for the present generation to see into the future.

Canada is still the youth among nations—the future is all before her. The greatest construction work of the century is taking place right now. Go North! Go West! Go East! See Canada growing before your eyes!

## A TEMPTING DELIGHT BAKERS COCONUT

## The Wife-Ship Woman

By Hugh Pendexter  
AUTHOR OF "KINGS OF THE MISTERY," "BY GENIE," "A VIRGINIA SCOUT LIT"

Promptly and truthfully I answered: "You are her greatest help, your excellency. France's belief in myths and fairy-tales is her greatest hindrance."

"But your government believe in mines among mountains."

"That is not believing in myths and fairy stories. There may be mines there. Mines are often found in mountains. But we do not colonize for mines. Englishmen clear the forests, make homes, plant crops. They press forward slowly, making sure of the ground they spread over. When the first colonists came to Virginia there were many adventures among them. Like the Spanish and French in Florida and Louisiana they wanted quick wealth. Some went mad in their hunt for pearls after finding them in common use among the Indians. Then came men and women who built cabins and planted crops. They spent no time hunting pearls."

"I thank your excellency. I only hope your man is painstaking and honest."

"He is what he is, but he will bring an honest talk to me. He is very wise. You must stay here until he returns."

"I am under arrest?"

"No, no. Simply my guest until I can give you a clean bill. Damoan will be most careful to get the facts right."

"There was a mist before my eyes that was not from the steaming water. There was a chill in my heart that even the Louisiana sun could not dispel. Yet force of habit permitted me to wear a mask of indifference, but it was a moment before I dared trust my voice. Then I said:

"I am glad Damoan is the man to look me up. He will make no mistake. He will not hold back for fear of discovery, and then come here and report lies to you."

"I rejoice you accept it so amiably. It encourages me. You are free to wander about."

"With a laugh I accepted the situation and humorously remarked: "If your excellency had not placed me on bonds I would have been content to idle away a month here. Now I am itching to go somewhere else."

"That would be unwise—most unwise, monsieur. The climate is bad for those who exert themselves. If a man should lose himself I simply call, and the natives from the Mississippi to the mouth of the St. Lawrence hear me and look for that man. I shall be pleased to have you dine with me in the cool of the evening. I must leave you now and arrange for the immigrants to start on their journey. As another ship is due to arrive any time."

"I was thinking of the girl in black, and asked: "What of Mademoiselle Danisgare? Does she return to France on the

Maire, or must she wait until you verify her story?"

"Her story? Return her to France? Odds nobody, but we've already turned 2,000 out of the 7,000 sent over by the company! It would require a most excellent story to get mademoiselle back to France."

"Yet decency and justice demand her return. If she was illegally seized by the police in their raid," I persisted.

He smiled slightly, and coolly advised:

"Seek some deep shade, monsieur. The sun has made me believe in fairy tales. The young woman made no claim on my indulgence. She said nothing to me about being taken in a raid. It is too much to expect to find a virtuous woman among these

frail ones, but she is young and has much room to mend her morals over here: so I shall see her married to one of Monsieur du Prat's men and sent to a cabin on the ship."

I was astounded. The girl had represented herself to me as the victim of an indiscriminate raid. I thought of the monotonous corn rations, which the Canadian French would eat, but the lower Mississippi French refused, except as a famine diet. I was astounded, I say, and yet why should I expect one of her caste to tell the truth? Nevertheless, there was something infinitely pathetic in picturing one so young and so unused to the wilderness being held a prisoner in the forest cabin of a Dumouy. Her frailty was the fault of her environment. But a lonely Mississippi cabin was a terrible price for her to pay unless the men were similarly punished.

Owing to the disturbing revelations his excellency had my history complete, one he finished with my countrymen. Over my head hung the shadow of a noose.

"Monsieur," murmured a voice behind me.

I turned, but there was no one except a lot of a soldier standing with his back to me, the butt of her snaphaunce flintlock resting on the ground. His gaze turned toward the forest wall. Before I could question him he replied:

"Do not look at me, monsieur. Something for you under the butt of my musket. Wait till I am gone before you pick it up."

I pretended to watch the small group about Narbonne. I heard the soldier moving away and gave him half a minute before leaning back on one elbow and turning a folded bit of paper stamped into the stand by the gun. Satisfied no spying eyes were on me I opened it.

"I was writing in English, and read: "Monsieur the Englishman."

"Monsieur—I bribed a soldier to give this to you. He promised on the Cross. I must escape up the river and to the English settlements. If there is one generous heart in this horrible land to help me I know the good God will reward. When you get this I shall be on the way to New Orleans. His excellency says I am to mate with a creature of the forest. I either go to the English settlements, or I die—C. D."

### CHAPTER IV

I tore the message into tiny pieces and buried them deep under the sand, and endeavored to analyze the woman's reasons for so dramatically announcing she must leave the English settlements, or die. Why not Canada? Being of Paris I would have expected her to make for Canada, and from there take a boat home. She had made no request to be sent back to France, however, although she had told me she was the victim of a police raid.

I should have felt much better about her could I have reconciled her soft hands with a theory of honest poverty. However, it was not for me to set up as a moralist; her loneliness and suffer-

## SIDE GLANCES—By George Clark

"You'll hang around here till I lose my job and then we can't get married, sure enough."

ing made her human. I knew I should help her if it was within my power.

A voice disturbed my meditations by ironically saying:

"Monsieur is buried beneath admiration for this golden boy. I am told that if one skim off the top six inches of water it changes to solid gold over night."

It was the tattered Narbonne. Back of him was the Spanish port. But cleft of water it changes to solid gold over night."

"I hadly remarked: "You two have composed your differences?" With a nod toward the pirate.

"Lal we are brothers!" smirked Narbonne. "He goes with me to my estate. He is to be my gold-steward. You know, we are to find much gold and many precious stones."

Six fingers came nearer and in English said:

"Monsieur and I start at once for New Orleans. Will you ship with us that far? I know the coast to the east. I know all the Spanish ports. But cleft of water it changes to solid gold over night."

"And what am I to do when I get there?" asked the little boy Fox.

"You will work, as Jackie does and say: 'Come on out and play with me, Uncle Wig! Then the rabbit will come out, and you must run,' said the Fox daddy."

"But how can I catch Uncle Wig? I run away?" asked Quinky.

"He will think you are Jackie and he'll run after you," said Mr. Fox. "You must keep ahead of him and run here to the woods. And when Uncle Wig gets here your mother and I will catch him. But it will be your smartness that helped Quinky."

"Oh, what fun!" barked the little fox. So his mother and father dressed him up to look just like Jackie Boy Wow, and off he trotted toward the bunny's hollow stump bungalow.

Uncle Wigly had just come down off the hill where he had been watching a funny monkey painting a queer sign. The letters were all mixed up topsy turvy, but Uncle Wigly made out the words: "Lollypop candy, which was what the monkey had painted in white on black boards."

All of a sudden, resting in his bungalow, Uncle Wigly heard a little voice calling:

"Come on out an' play with me, Uncle Wig!"

"Why, there's Jackie Boy Wow!" exclaimed Mr. Longears, looking from the window. "I guess he wants to play tag. I'll have a game with him," and out hopped the rabbit, not knowing it was the baby Fox.

"Oh, the trick is going to work," whispered Quinky to himself. So he ran on ahead and Uncle Wigly, thinking it was Jackie, chased after him, shouting and laughing:

"I'll tag you Jackie!"

The tricky Quinky led Uncle Wigly toward the forest, where the two big foxes were hiding, and the rabbit would soon have been caught, but, all of a sudden, in front of a white birch tree appeared two little black twins looking like bits of ink.

"Wait a minute, Uncle Wigly!" called one black twin. "My brother Inkblot has just asked me a riddle and I want to see if you can answer it. This is the riddle: 'When is a window like a star?' Can you tell me?"

"We haven't any time for riddles!" barked Quinky. "We're playing tag. Come on, Uncle Wig!"

"No, first I want to do this puzzle riddle, Jackie," said Mr. Longears. So he stood there looking at the two black ink twins while Quinky didn't know what to do. He felt that the rabbit would not be caught. And he wasn't was of that later, and if the football doesn't kick up its heels when the tennis racket wants to sing, I'll tell you next about Uncle Wigly's bird bath.

When is a window like a star? Guess this riddle.

Synopsis by Braucher.

## A GRAIN OF SALT

Nowadays salt is cheap and common, and we do not realize its importance and value, but in ancient times it was offered as a precious thing to the gods. There were wars fought among the old peoples of the world to obtain salt springs. Even now natives of Sierra Leone are willing to sell their wives and children for salt.

By H.E. Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-24.

The amount of salt is one of the means by which we measure the earth's age. Geologists calculate it took millions of years to form all the salt in the sea.

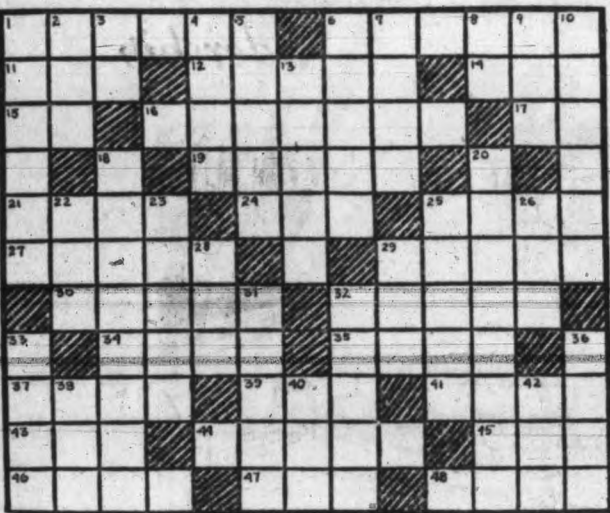

For every cubic mile of sea water there are a million tons of salt. A cover for the world, 400 feet deep, could be made of the salt in the sea.

In Germany and Poland there are deposits of salt that have been pierced to the depth of 4000 feet without reaching bottom. In the Polish salt mines of Wieliczka galleries and tunnels have been hewn out for 65 miles in salt, sometimes more than 1000 feet below the surface. Lights flashing on the crystals make a scene of indescribable beauty. (To Be Continued)

## To-morrow's Horoscope

TUESDAY, JULY 17, 1928

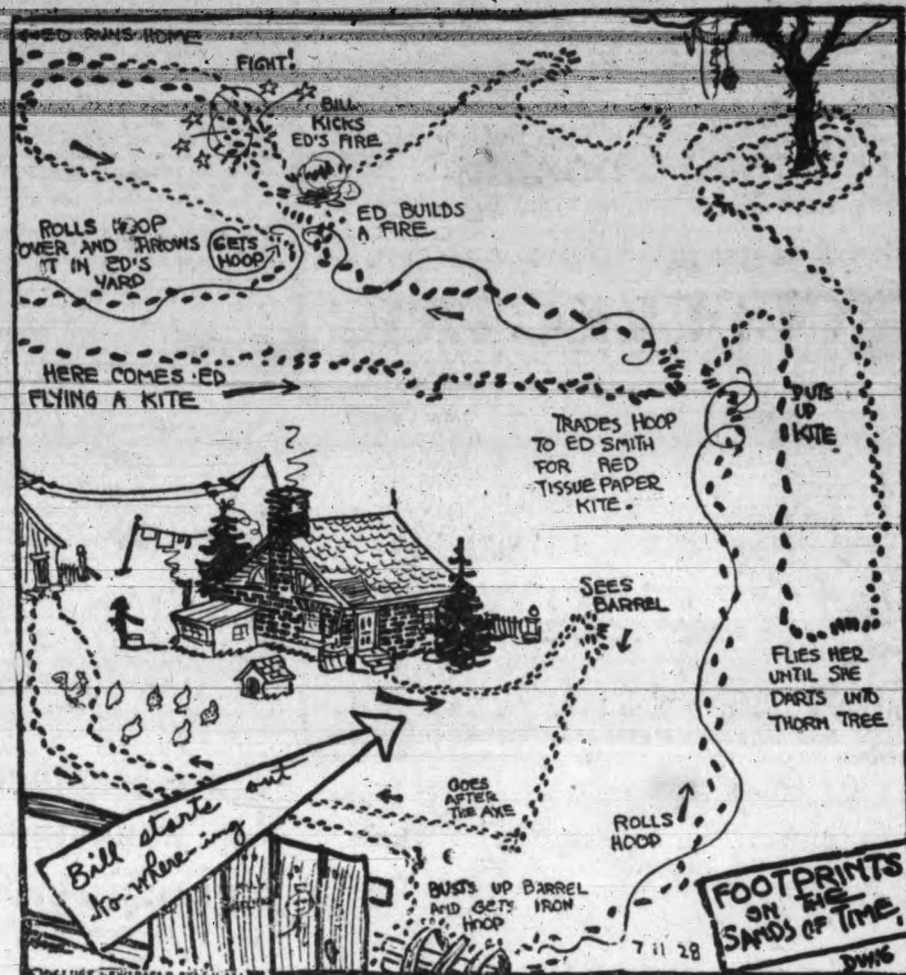

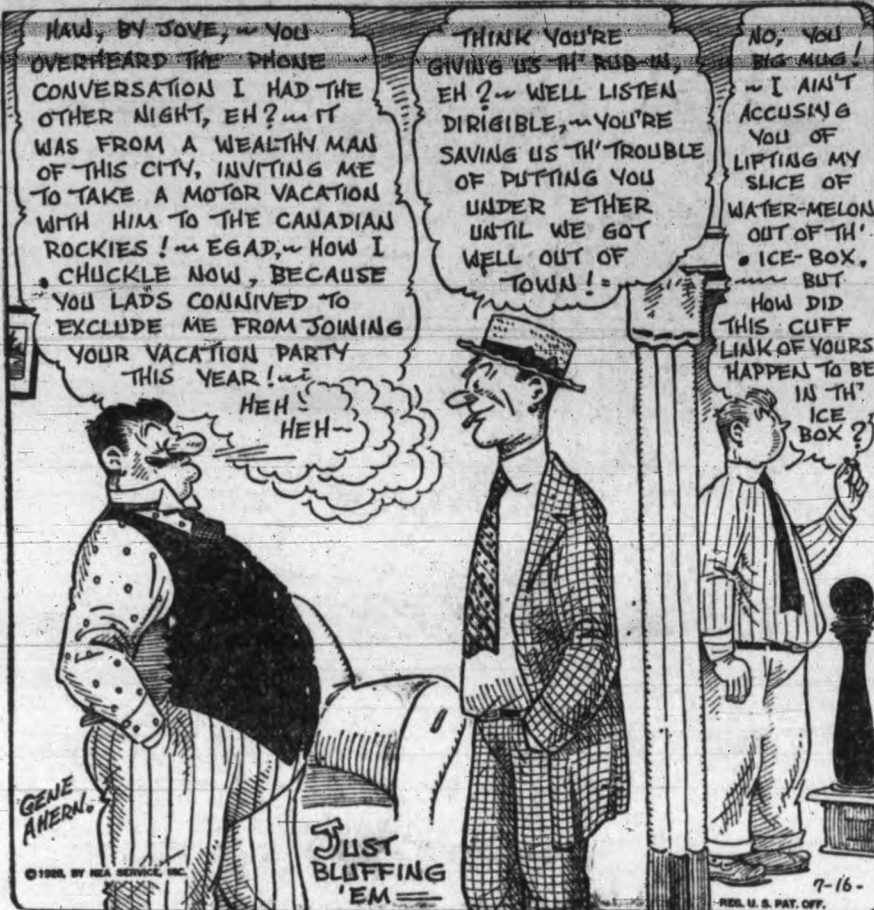

Positive benefic aspects rule to-day, according to astrology which detects certain minor adverse influences.

This is read as a day favorable to those who already enjoy property and not so fortunate for those who struggle. Mexico may suffer from serious seismic shocks within the next few weeks. The country's trade is likely to be good during the Autumn. Lovers should benefit and the mid-summer romance is likely to be more serious than is usual during the silly season. Under this way young men probably will not be so susceptible as those of greater age. Many widowers become sentimental under this direction of the stars. The date is auspicious for public meetings or for entertainments of any sort. Even campaign speeches may be enduring while this configuration lasts. Financial matters should be cheering at this time when there will be an opportunity to take stock of one's possessions. Banks and bankers continue to benefit and women will gain confidence as executives.

Persons whose birthdate it is may have a year marked by important events. Children born on this day may have distinct artistic talents, but they must be well directed. Subjects of this sign often have powerful friends. (Copyright, 1928.)

**Capt. R. P. Matheson Speaks Before Fairfield Electors; Denounces Tory Party**

Speaking before electors of the Fairfield District in Sir James Douglas School Saturday night, Capt. R. P. Matheson, Independent Conservative candidate in Victoria riding for the forthcoming elections, continued his denunciation of the legislative practices of both the Conservative and Liberal parties.

Captain Matheson could not see where Victoria would benefit by returning the four previous representatives to the legislature, scoring the lack of opposition which they and the other Conservative members had shown in recent sessions.

## GOVERNMENT'S LABOR RECORD IS ATTACKED

Hinchliffe and Pooley Quote Journals to Prove Liberal Attitude

The Maclean Government's record in handling social and labor legislation was attacked in exhaustive detail by Joshua Hinchliffe, Conservative candidate in Victoria, at a meeting for working men in the Amphion Hall, Yates Street, Saturday night.

Mr. Hinchliffe declared that the Government was not the champion of the workers, as it claimed to be, and added that Conservatives in Legislature had demonstrated a far keener interest in labor matters than Liberal supporters. To prove this, he quoted at length from the records of the House covering votes on various pieces of labor legislation. The Government, he asserted, had opposed many of these proposals designed to benefit working people, while claiming to be the defenders of the poor.

"Premier Maclean is a wonderful politician," said Mr. Hinchliffe. "He can hypnotize an audience, telling them things which they know aren't true and making them believe it."

**ASSAULTS MRS. SMITH**

At Cobble Hill R. H. Pooley, Conservative House leader and candidate in the riding of Victoria, at length from the records of the Legislature to prove that his Liberal opponent, Mrs. Mary Ellen Smith, had consistently voted against social legislation designed to assist the great mass of British Columbia working people. These records, Mr. Pooley said, showed that he had supported this legislation in almost all cases while Mrs. Smith voted against it, although she claimed to be a leading advocate of social legislation.

## More Members For Pensioners Association

Several new members were enrolled and satisfaction was expressed by the membership committee on the progress of the association at a meeting of the Canadian Pensioners' Association of the Great West. The pension committee reported twelve new cases for pension adjustment during the last two weeks. The opinion of the members was that the large number of pension cases submitted to the association since its recent inception proves without doubt the confidence of the disabled ex-service men of the community in the organization. Appreciation was also expressed to the Amputations' Association for their co-operation, it being emphasized that without the assistance of this association the work being done on behalf of the disabled widows and dependents of the war would not have been possible.

The next meeting will be held on Friday, July 27. All pensioners are requested to attend.

## Sooke

Sooke, July 15.—The Ladies' Aid of the Knox Presbyterian Church held a sale of work and cooking on Friday, July 13, at 8 p.m., at the Sooke Hall. Ice and tea were served.

The annual school meeting was held on Saturday at Sooke Hall at 7 p.m. It was a public meeting for all persons entitled to vote at the annual meeting and for the purpose of transacting ordinary business, including the election of two persons, one to serve as school trustee for a three-year term, and the other as auditor for one year in place of J. Muford, school trustee, and L. Lundie, auditor, each of whose term of office is about to expire.

## HARRY TELLS US HOW

Vancouver, B. C., February 19th, 1927.

BC IS BROKE! YOU ARE SPENDING TOO MUCH! WHY YOUR MILLIONS IN DEBT! NOW WHEN I WAS FINANCING OIL, YES, AND THE CANDY CO. WHY, ER... AH...

I am writing to personal friends to advise them that I am interested in the manufacture of confectionery. NIGHTINGALE CANDIES, whose first store and studio has recently been opened at 722 Pender Street, South side, just west of Granville Street; second store, 705 Dunsmuir Street, North side, just west of Granville Street.

Our first desire in this enterprise is to produce a superior confection at a reasonable price. With this object in view, we secured a high-class manager, a man who has had sixteen years' experience in this business, the last nine years as Managing Director of "Burgers" or Toronto, which firm I believe to be one of the oldest firms in Canada manufacturing superior grade of confections.

The distinctive qualifications of our manager in this line of production, and the further fact that only the best ingredients are used, guarantees that these candies will be of the highest standard.

I will appreciate your calling at any of our stores and trying these confections, and, if you like them, tell your friends.

The price is 60¢ the pound at all our stores, and delivery will be made in any part of the City for the additional cost of the messenger service. The phone is Seymour 812, and phone orders will be appreciated, and, as well, all mail orders will receive prompt attention.

We purpose demonstrating that Vancouver can produce as fine an article as can be obtained anywhere else in the world, and solicit your co-operation.

Yours sincerely,  
HARRY STEVENS

**Bailiffs Close Candy Stores**

Florence Nightingale Candies Limited, of which H. H. Stevens, M.P., is a director, has closed its chain of stores in Vancouver. The stores were sold by bailiffs put in by the Canadian Credit Men's Association for an assignment, but investigation for bankruptcy led to the conclusion that the only assets would be the stores. There were also claims against the stores, and the bailiffs would not have been able to take possession of the stores. ## Sidney

Sidney, July 15.—Another place of business is added to Sidney's list, with the opening of the garage at the corner of Beacon Avenue and Second Street, by Henry E. Weller of Victoria, who is an experienced engineer and machinist, prepared to handle all kinds of repairs to automobiles and marine engines. The repair shop will operate in connection with "Ed's" Service Station.

Mr. and Mrs. J. Bruce Burton and family, accompanied by Mrs. Wilfred May, left Friday morning on the Bellingham Ferry for a motor trip to Vancouver, where they will spend a few days visiting.

Mrs. H. O. Hammond, Amelia Avenue, is spending a three weeks' vacation in Vancouver, visiting relatives and friends.

Gordon McLeod, of Tacoma, a former resident of Sidney, is here on a visit. While here he will be the guest of Walter Lind, Beacon Avenue.

Mr. Baker of Los Angeles is visiting for a short time with his sister and brother-in-law, Mr. and Mrs. Wilfred Harrison.

Miss Elsie Lucas, of Trail, B.C., is spending the summer vacation with her cousin, Miss Irene Frost, Patricia Bay.

Miss Sheila Sangster of Victoria is visiting Miss Victoria Sangster, Deep Cove, for the holidays.

Miss Irene Moses, who has been teaching at West Delmar, arrived

home to spend the summer holidays with her parents, Mr. and Mrs. Chris Moses of Deep Cove.

## Goldstream

Goldstream, July 15.—A delightful picnic was enjoyed by the pupils, parents and friends of Miss Florence Clough, Blanshard Street, Victoria, at the Finlayson Flats on Friday.

Bathing and swimming were freely indulged in and the sports furnished amusement to competitors and spectators, as they comprised flat races, cart-wheels, hand springs, crab walk and ladies' race. Prizes were presented to the winners.

Lunch was enjoyed under the magnificent shady trees and a "hot-dog" supper with coffee suited young and old.

A water peanut scramble, ice cream and merry games occupied the time. Great credit is due to Miss Clough for the excellent arrangements throughout the day.

The visitors included: Mrs. A. H. Latham, Mr. and Mrs. Cox, Mrs. Holmes, Mr. and Mrs. Knott, Mrs. Green, Mrs. G. Cooney, Mrs. Arthur Wale and Mrs. W. Spencer.
